

NATIONAL MATCH DIE SETS - 30-06 SPRINGFIELD NATIONAL MATCH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding National Match Die Set is for the serious match and military shooter. Each set includes a Full Length Sizing Die (non-bushing type), Taper Crimp Die, and Competition Bullet Seater. "Across the Course" and "Long Range" shooters have bought these dies individually for years at the NRA National Matches. Shooters that prefer the results of a separate taper crimp operation now have their needs packaged in a convenient die set.

Safety Instruction Guide for Redding National Match Die Set 3006 Springfield

Introduction

Thank you for choosing the Redding National Match Die Set 3006 Springfield. This guide provides essential safety instructions to ensure the safe use of your die set. Please read this guide carefully before using the product to minimize risks and enhance your shooting experience.

General Safety Guidelines

- Always handle all reloading equipment and ammunition with care and respect.
- Ensure that you are familiar with local laws and regulations regarding reloading and ammunition.
- Store the die set and all related components in a dry, secure location, away from children and unauthorized users.
- Regularly inspect your die set for signs of wear or damage before each use.
- Follow the manufacturer's instructions for use and maintenance of the die set.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using the die set.
- Never exceed recommended load data for your ammunition.
- Use only the correct cartridge for the die set; using incorrect cartridges can lead to dangerous malfunctions.
- Avoid distractions while reloading to maintain focus and safety.
- Do not use the die set if you are under the influence of drugs or alcohol.
- Ensure proper ventilation in your workspace to avoid inhalation of any harmful dust or fumes.

Instructions for Installation and Usage

1. Setup:

- Clean the die set and your reloading equipment before use.
- Securely mount the Full Length Sizing Die in your reloading press according to the manufacturer's instructions.
- Adjust the die to the correct height for your cartridge.

2. Reloading Process:

- Start by resizing your brass cases using the Full Length Sizing Die.
- Inspect each case for defects or damage before proceeding.
- Use the Taper Crimp Die to crimp the bullets securely in place.
- Finally, use the Competition Bullet Seater to ensure proper seating depth.

3. PostUse:

- Clean and inspect the die set after each use to maintain functionality.
- Store the die set in a safe location when not in use.

Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Redding National Match Die Set, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can enjoy a safe and effective reloading experience with your Redding National Match Die Set 3006 Springfield. Thank you for prioritizing safety and compliance with EU General Product Safety Regulation.
