

NECK SIZING DIES - REDDING NECK SIZING DIE 220 SWIFT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Attributes

- Name: [REDDING NECK SIZING DIE 220 SWIFT](#)

Safety Instruction Guide for Redding Neck Sizing Die 220 Swift

Introduction

Thank you for choosing the Redding Neck Sizing Die 220 Swift. This guide is designed to provide important safety instructions and usage information in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure that all safety precautions are followed during the use of this product.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for updates or recalls related to this product on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling this product.
- Inspect the die for any damage or wear before use. Do not use if damaged.
- Only use the die with compatible cartridges (220 Swift) as specified.
- Ensure that the die is securely mounted in the reloading press before use.
- Avoid any contact with the die while it is in operation to prevent injury.
- Do not attempt to modify or alter the die in any way.
- Store the die in a dry, secure location when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free of debris.
- Carefully screw the Redding Neck Sizing Die into the reloading press.
- Tighten securely but do not overtighten to avoid damage.

2. Usage:

- Prepare your fired brass cases by cleaning them thoroughly.
- Insert the brass case into the die.
- Operate the reloading press to size the neck of the brass case.
- After sizing, remove the case from the die and inspect for proper sizing.
- Repeat the process for each case as needed.

3. PostUsage Care:

- Clean the die after each use to remove any residue.
- Store the die in its original packaging or a suitable container to protect it from dust and moisture.

Disposal Instructions

- Dispose of any damaged or nonfunctional parts of the die according to local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Redding Neck Sizing Die 220 Swift, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your Redding Neck Sizing Die 220 Swift.
