# Safety Instruction Guide for T7 Turret Press

## Introduction

Thank you for choosing the T7 Turret Press by Redding. This guide provides essential safety instructions and guidelines to ensure a safe and effective use of the product. Please read this document thoroughly before operating the turret press.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Keep the workspace clean and organized to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Do not use the turret press for any purpose other than its intended use.
- Ensure that children and vulnerable individuals are kept away from the press during operation.
- Regularly inspect the turret press for any signs of wear or damage before use.
- If you encounter any issues, cease operation immediately and consult the troubleshooting section of the manual or seek professional assistance.

## Specific Safety Precautions for Use

- Avoid wearing loose clothing or jewelry that could become entangled in moving parts.
- Ensure the turret press is securely mounted on a stable surface to prevent tipping or movement during operation.
- Always check that the ram and dies are properly installed and tightened before use.
- Do not exceed the recommended load limits of the turret press.
- Be cautious when handling primers and reloading materials; follow all safety instructions specific to those products.
- In case of an emergency, know how to quickly shut down the turret press and disconnect it from the power source.

## Instructions for Installation and Usage

### Installation

#### 1. Choose a Suitable Location:

- Select a stable, flat surface for mounting the turret press.
- Ensure adequate lighting and ventilation in the workspace.

#### 2. Mounting the Press:

- Securely attach the turret press to the surface using appropriate screws and anchors.
- Verify that the press is level and stable.

#### 3. Assemble the Components:

- Attach the turret head according to the manufacturer's instructions.
- Install the ram and ensure it moves smoothly.

#### 4. Install the Dies:

- Select the appropriate die for your reloading needs.
- Thread the die into the turret head and tighten securely.

## Usage

### 1. Preparation:

- Gather all necessary materials, including primers, brass cases, and powder.
- Ensure you are wearing your PPE before beginning operation.

### 2. Loading Primers:

- Follow the instructions for the Automatic Primer Feed Assembly if applicable.
- Load primers carefully, ensuring they are seated correctly.

### 3. Reloading Process:

- Operate the ram smoothly and steadily.
- Monitor the process closely to ensure proper alignment and function.
- Do not force the ram or components; if resistance is felt, stop and assess the situation.

### 4. PostOperation:

- Clean the turret press after use to remove debris and residue.
- Store the press in a dry, safe location away from children and pets.

## Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of the turret press in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of the turret press and its components.

## Contact Information for Further Support

For any inquiries regarding safety, maintenance, or troubleshooting of the T7 Turret Press, please consult the manufacturer's website or contact their customer service directly.

By following these safety instructions, you can help ensure a safe and effective reloading experience with your T7 Turret Press. Thank you for your attention to safety!
