

NECK TURNING CASEHOLDERS - UNIVERSAL CASEHOLDER WITH DRIVER KIT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Accessories](#)

The Sinclair Driver and Caseholder system is designed to hold and turn your case while you are neck turning, cleaning case necks or case mouth deburring. The caseholders and driver are machined from stainless steel, and the driver has a 1/4" hex shaft for use in power screwdrivers or low speed drill motors. The driver is universal to the Sinclair system and will work with all the caseholders. Our Universal Caseholder enables you to use this system with our Sinclair Stainless Shell Holders listed on page 29. Select the appropriate shell holders for your favorite cartridges.. The Universal Caseholder works with the same #05-200 driver as our original caseholders, and it is available as a "kit" with the Driver and Universal Caseholder or individually for those who already have a driver. Remember to order the Sinclair Stainless Shell Holders for your Universal Caseholder if you don't already have them. This system is a great, inexpensive way to speed up the neck turning process. Also works great for many other case prep operations.**NOTE: When ordering case holders, you will need to order a case holder driver as they are sold separately.**

Attributes

Safety Instruction Guide for NECK TURNING CASEHOLDERS UNIVERSAL CASEHOLDER WITH DRIVER KIT

Introduction

Thank you for choosing the NECK TURNING CASEHOLDERS UNIVERSAL CASEHOLDER WITH DRIVER KIT by Sinclair International. This guide provides important safety information and instructions for the safe use of your product, ensuring compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

To ensure safe use of the NECK TURNING CASEHOLDERS, please adhere to the following guidelines:

- Always use the product as intended and according to the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Ensure that the workspace is clean and free from clutter to avoid accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when necessary.
- Be aware of your surroundings to prevent accidents during operation.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

When using the NECK TURNING CASEHOLDERS, please follow these specific precautions:

- Ensure that the driver is securely attached to the caseholder before use.
- Do not exceed the recommended speed settings for the power screwdriver or drill motor.
- Avoid wearing loose clothing or jewelry that could become entangled in the machinery.
- Keep hands and other body parts clear of moving parts during operation.
- Do not modify the product or use it for unintended purposes.
- Always store the product in a dry place to prevent rust or corrosion.
- If you experience any discomfort or unusual operation during use, stop immediately and inspect the product.

Instructions for Installation and Usage

Follow these steps for the correct installation and usage of the NECK TURNING CASEHOLDERS:

1. Installation:

- Ensure the power screwdriver or lowspeed drill motor is turned off and unplugged.
- Attach the driver to the caseholder by inserting the ¼" hex shaft into the driver socket until it clicks into place.
- Select the appropriate Sinclair Stainless Shell Holder for your cartridge and attach it to the Universal Caseholder.

2. Usage:

- Place the case into the shell holder, ensuring it is securely held in place.
- Connect the driver to the power source and set it to a low speed.

- Begin neck turning or case prep operations by carefully operating the power screwdriver or drill motor.
- Monitor the operation closely to ensure safe and effective use.

3. PostUse:

- After completing your operations, turn off and unplug the power screwdriver or drill motor.
- Remove the case from the shell holder and clean any debris from the product.
- Store the caseholders and driver in a safe location.

Disposal Instructions

When disposing of the NECK TURNING CASEHOLDERS, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal methods of metal and electronic components.
- If the product is no longer usable, consider recycling it at a designated facility.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided by the manufacturer or retailer from whom you purchased the product. Ensure that you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your NECK TURNING CASEHOLDERS UNIVERSAL CASEHOLDER WITH DRIVER KIT.
