

# Holland's Signature Series Scope Levels - HOLLANDS GUNSMITHING 30MM SIGNATURE SERIES SCOPE LEVEL

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

Streamlined eye-pleasing appearance blends in perfectly with traditional scope rings while helping to eliminate accuracy-robbing canting errors. Easy-to-see offset level helps you make immediate corrections without taking your eyes off the target. Attaches to your riflescope like a traditional scope ring; halves clamp together with two steel Allen head screws. Aluminum construction, hardcoat anodized, matte black. Reversible design works for left- and right-hand shooters.

# Holland's Signature Series Scope Levels Safety Instruction Guide

## Introduction

Thank you for choosing the Holland's Signature Series Scope Level. This product is designed to enhance your shooting accuracy by providing a reliable method to ensure your scope is level, thereby preventing canting errors. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the scope level is compatible with your riflescope before installation.
- Regularly inspect the scope level for damage or wear before each use.
- Always follow safe firearm handling practices when using your riflescope and scope level.
- Keep the scope level and all firearms out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not use the scope level if it is damaged or malfunctioning.
- Ensure that the scope level is securely attached to the riflescope before use.
- Avoid using the scope level in extreme weather conditions that may affect its performance.
- Use the scope level only for its intended purpose; do not modify or attempt to repair it.
- Be aware of your surroundings and ensure a clear line of sight when using your riflescope.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the riflescope is securely mounted on the firearm.
- Align the scope level with the riflescope's tube.
- Attach the scope level by clamping the halves together using the two steel Allen head screws provided.
- Tighten the screws securely, ensuring the scope level is firmly attached.

### 2. Usage:

- Look through your riflescope and observe the offset level.
- Adjust the position of your riflescope as necessary to ensure the bubble is centered within the level.
- Make immediate corrections to your aim without taking your eyes off the target.
- Regularly check the level during shooting sessions to maintain accuracy.

## Disposal Instructions

- Dispose of the scope level in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged beyond use, consider recycling the materials where applicable.

## Contact Information for Further Support

For any questions or concerns about the use of Holland's Signature Series Scope Level, please refer to your

retailer or the manufacturer for assistance. It is important to have access to support for any safety inquiries related to this product.

Thank you for prioritizing safety while using Holland's Signature Series Scope Level. Enjoy your shooting experience!
