

# **BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 284 WINCHESTER BENCH REST SEATER DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## **Attributes**

- Name: [FORSTER PRODUCTS, INC. 284 WINCHESTER BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012937

# Forster Bench Rest® Seater Dies Safety Instruction Guide

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the dies.

## General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before use.
- Always read and follow the manufacturer's instructions provided with your reloading equipment and components.
- Keep the work area clean and organized to prevent accidents.
- Store all reloading components, including dies, in a secure place away from children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves to protect yourself during the reloading process.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper handling of reloading dies may lead to personal injury or damage to the equipment.
- Reloading ammunition can pose risks if not done according to safety guidelines.

### • Avoiding Hazards:

- Do not exceed the recommended load specifications for your ammunition.
- Always ensure that the die is securely installed before use.
- Avoid distractions while reloading to maintain focus on the task.
- Do not use damaged or defective dies. Inspect them regularly for wear and tear.

### • Age Specific Warnings:

- This product is intended for use by adults only. Keep out of reach of children.
- Ensure that any individuals assisting with reloading are knowledgeable about the process and safety precautions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted on a stable surface.
- Select the appropriate Forster Bench Rest Seater Die for the cartridge you are using (e.g., .284 Winchester).
- Insert the die into the reloading press and tighten securely using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired seating depth as per your reloading specifications.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Place a case into the die chamber, ensuring it is properly aligned.
- Insert the bullet into the case mouth.
- Operate the reloading press to seat the bullet into the case. Ensure smooth operation without excessive force.
- Check the completed round for proper seating and alignment.

### **3. PostUsage:**

- Clean the dies after use to remove any residue and prevent corrosion.
- Store the dies in a dry, secure location to maintain their condition.

## **Disposal Instructions**

- Dispose of any defective or wornout reloading dies in accordance with local regulations.
- Do not throw dies or other reloading components in regular trash. Check with local waste management facilities for proper disposal methods.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety, please contact the manufacturer or your local distributor. Ensure that you have the product information ready when seeking support.

Thank you for your attention to these safety guidelines. Proper use and maintenance of the Forster Bench Rest® Seater Dies will contribute to a safe and enjoyable reloading experience.
