

# GEN6 COMPACT TOUCH SCREEN POWDER SYSTEM - LYMAN GEN6 COMPACT POWDER SYSTEM

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

The compact Gen6 design takes a minimum of bench space and offers unrestricted pan and touch screen access for both right and left hand users. Accurate to one tenth grain, the Gen6 dispenses all types of smokeless powder at two grains per second. In addition, it features an auto repeat function that drops a precise charge each time the pan is reset. Based on totally digital technology that overcomes problems commonly experienced by older designs, the system is packed with additional state of the art improvements like fast, 3 minute warmup, anti-static and anti-drift technology and has sophisticated electronic shielding to resist interference from other electronic devices like cell phones, etc. Touch-Screen Controls Compact Size - Uses 50% Less Bench Space Auto Repeat Function Drops Charges Each Time the Pan is Reset Quick-Drain to Change Powders Electronic Interference Shield Resists Interference from Cell Phones, etc Anti-Static/Anti-Drift Technology Fast Operation - Dispenses 2 Grains per Second Accurate to 1/10 grain Handles all types of Smokeless Powders Not for use with black powder.

## Attributes

- Name: [LYMAN GEN6 COMPACT POWDER SYSTEM](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749013759
- Mfr. No.: 7750550
- Accuracy: 0.1 grains
- Delivery weight: 1.52kg
- Shipping height: 173mm
- Shipping width: 180mm
- Shipping length: 384mm
- UPC: 011516705501

# Safety Instruction Guide for the GEN6 Compact Touch Screen Powder System

## Introduction

Thank you for purchasing the GEN6 Compact Touch Screen Powder System. This guide provides important safety information to ensure the safe use of the product. Please read this guide carefully before using the system to minimize risks and ensure proper operation.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use and care.
- Keep the product out of reach of children and vulnerable individuals.
- Be aware of the potential hazards associated with the use of smokeless powder.
- Ensure that the workspace is clean and free from any flammable materials.
- Regularly check for any signs of wear or damage to the product.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the GEN6 system with black powder; it is designed exclusively for smokeless powders.
- Ensure that the system is placed on a stable and level surface to prevent tipping or spillage.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling powders.
- Avoid direct contact with the dispensing mechanisms and touch screen while the system is in operation.
- Do not attempt to modify or repair the system yourself; contact a qualified technician for assistance.
- Ensure that the area is wellventilated when using the system to avoid inhalation of any dust or fumes.

## Instructions for Installation and Usage

### 1. Installation:

- Place the GEN6 system on a stable, flat surface that allows for easy access to the touch screen and pan.
- Ensure that the power supply meets the specifications outlined in the user manual.
- Connect the system to the power source and turn it on using the designated power switch.

### 2. Usage:

- Before using the system, familiarize yourself with the touch screen controls and functions.
- Load the desired smokeless powder into the pan according to the instructions provided in the user manual.
- Set the desired charge weight using the touch screen interface.
- Press the start button to begin dispensing. The system will automatically repeat the charge drop each time the pan is reset.
- Monitor the dispensing process to ensure accuracy and safety.
- After use, turn off the system and unplug it from the power source.

## Disposal Instructions

- Dispose of any unused or expired powders according to local regulations for hazardous waste.
- Do not dispose of the GEN6 system in regular household waste. Follow local guidelines for electronic

waste disposal.

- Ensure that all components are properly cleaned and stored in a safe location until disposal.

## **Contact Information for Further Support**

For any inquiries or assistance regarding the GEN6 Compact Touch Screen Powder System, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for prioritizing safety while using the GEN6 Compact Touch Screen Powder System. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
