

MODEL 15-9 COMPETITION INSIDE CHAMFER TOOL - REDDING

MODEL 15-P COMPETITION INSIDE CHAMFERING TOOL

[Reloading](#) > [Case Preparation](#) > [Case Mouth Chamfering](#)

The polished chamfer tool features the perfect inside cutting angle of 15°. The polot rod with attached accessory handle is adjustable for different cartridge lengths and insures the concentricity of the I.D. chamfer to the case mouth. Hardened precision ground flutes make clean, easy, chatterfree cuts. Accepts cases from .22 to .45 Caliber.

Safety Instruction Guide for MODEL 159 Competition Inside Chamfer Tool

Introduction

Thank you for choosing the MODEL 159 Competition Inside Chamfer Tool by Redding. This guide provides essential safety instructions and guidelines to ensure safe usage of the product. Please read this manual carefully before using the tool to avoid any risks associated with its operation.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free of any obstructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before each use.
- Do not attempt to modify or repair the tool yourself; contact a qualified professional.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Ensure that the tool is securely attached to the workbench or a stable surface before use.
- Avoid wearing loose clothing or jewelry that could become caught in the tool.
- Do not exceed the maximum cartridge length specified by the manufacturer.
- Use the tool only for its intended purpose; do not use it for any other applications.
- Be cautious of sharp edges and flutes when handling the tool.

Instructions for Installation and Usage

1. Setup:

- Place the chamfer tool on a stable surface.
- Secure the tool using the provided mounting hardware to prevent movement during operation.

2. Adjusting the Tool:

- Loosen the polot rod adjustment screw.
- Slide the rod to the desired length based on the cartridge you are using.
- Tighten the screw to secure the rod in place.

3. Using the Tool:

- Insert the cartridge case into the tool.
- Gently rotate the tool to achieve the desired chamfer on the inside of the case mouth.
- Ensure that the tool is held steady to avoid chatter and ensure clean cuts.

4. After Use:

- Clean the tool after each use to remove any debris or residue.
- Store the tool in a dry place to prevent rust and damage.

Disposal Instructions

- Dispose of the tool according to local regulations for hazardous waste.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the MODEL 159 Competition Inside Chamfer Tool, please refer to the manufacturer's official website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the MODEL 159 Competition Inside Chamfer Tool. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
