

# 6MM CREEDMOOR COMPETITION SEATING DIE - REDDING 6MM CREEDMOOR COMPETITION SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding 6mm Creedmoor Competition Seater Die has solved the concentricity problems inherent in other seating dies of this type. Tighter manufacturing tolerances have been made possible due to the details of the patented seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float" on a column of air. The seating stem is precision ground to exactly match bullet diameter. Alignment and accuracy are enhanced by the cartridge case and bullet being completely supported and aligned in a close fitting, precision ground sleeve before bullet seating begins. The micrometer is calibrated in 0.001" increments for precise seating depth and is infinitely adjustable (without clicks). Also has a "zero set" feature that allows you to zero the micrometer to your rifle or favorite seating depth. Shellholder sold separately. Made in the USA. Note: THIS DIE DOES NOT CRIMP THE BULLET. A CRIMP DIE MUST BE PURCHASED SEPARATELY.

## Attributes

- Name: [REDDING 6MM CREEDMOOR COMPETITION SEATING DIE](#)
- Manufacturer: [REDDING](#)
- Product no.: 749017116
- Mfr. No.: 55443
- Cartridge: 6mm Creedmoor
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 102mm
- Shipping length: 152mm
- UPC: 611760554438

# Safety Instruction Guide for Redding 6mm Creedmoor Competition Seating Die

## Introduction

Thank you for choosing the Redding 6mm Creedmoor Competition Seating Die. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the die.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses, when using this product.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all local laws and regulations regarding ammunition reloading and shooting.

## Specific Safety Precautions for Use

- The die does not crimp the bullet. A crimp die must be purchased separately.
- Ensure that the seating stem is properly aligned with the bullet before starting the seating process.
- Avoid using excessive force when operating the die, as this may lead to inaccurate seating or damage.
- Do not modify the die in any way, as this may compromise safety and performance.
- Always work in a wellventilated area to avoid inhalation of any dust or particles generated during the reloading process.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the die in a compatible reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during use.

### 2. Usage:

- Prepare your cartridge case by ensuring it is clean and free of debris.
- Insert the bullet into the cartridge case and place it in the die's sleeve.
- Adjust the micrometer to the desired seating depth; it is calibrated in 0.001" increments for precision.
- Slowly raise the press handle to seat the bullet, ensuring that the seating stem aligns correctly.
- After seating, check the cartridge for proper bullet seating depth and alignment.

## Disposal Instructions

- Dispose of the die responsibly, following local regulations regarding metal waste.
- Do not dispose of the die in regular household waste.
- If the die is no longer usable, consider recycling it at a designated facility.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided

with the product packaging or visit the official website.

By adhering to these guidelines, you can ensure the safe and effective use of the Redding 6mm Creedmoor Competition Seating Die. Always prioritize safety and stay informed about best practices in ammunition reloading.
