

# MASTER HUNTER DELUXE CARBIDE DIE SETS - REDDING 6.5MM PRC MH-C DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Master Hunter Die Sets were inspired by the success of our National Match Dies. Experienced hunters know that full length resizing is important when a high stress follow-up shot is needed in the “real world” of hunting. The Master Hunter “Deluxe” Die Sets now add the option of neck sizing for optimal on-the-range load development. Master Hunter “Deluxe” three (3) Die Set – combines the two Die Set with the addition of a Standard Neck Sizing Die.

# MASTER HUNTER DELUXE CARBIDE DIE SETS

## REDDING 6.5MM PRC MHC DELUXE DIE SET Safety Instructions

### Introduction

Thank you for choosing the Master Hunter Deluxe Carbide Die Sets by Redding. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this manual carefully before using the product.

### General Safety Guidelines

- Always handle all reloading equipment with care to prevent accidents.
- Ensure that your workspace is clean and organized to avoid misplacing components.
- Keep all equipment out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of your surroundings and ensure that no one is in the vicinity when reloading.
- Follow all local laws and regulations regarding ammunition reloading.

### Specific Safety Precautions for Use

- **Hazard Awareness:** Understand that improper use of reloading equipment can lead to serious injuries or accidents.
- **Full Length Resizing:** Ensure that you perform fulllength resizing for cartridges to maintain safety and reliability, especially during highstress situations.
- **Neck Sizing:** Use the neck sizing die only when you are confident in your ability to adjust loads for optimal performance on the range.
- **Inspect Equipment:** Regularly check your die set for wear and damage. Do not use damaged dies.
- **Proper Storage:** Store your die set in a cool, dry place to prevent rust and corrosion.

### Instructions for Installation and Usage

#### 1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Gather all necessary components including the die set, shell holder, and cartridges.

#### 2. Installation:

- Install the fulllength resizing die into your reloading press following the manufacturer's instructions.
- Adjust the die according to the specifications for your cartridge.

#### 3. Reloading Process:

- Start by resizing the brass cases using the fulllength die.
- If using the neck sizing die, follow the same steps but only after initial resizing.
- Ensure that each cartridge is properly inspected before loading.

#### 4. Safety Checks:

- After reloading, visually inspect each cartridge for defects.

- Store completed ammunition in a safe and secure location.

## **Disposal Instructions**

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not throw away used or damaged dies in regular trash. Check for local hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the Master Hunter Deluxe Die Sets, please consult the product packaging for contact information or refer to the manufacturer's website for additional resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Master Hunter Deluxe Carbide Die Sets. Always prioritize safety and stay informed about best practices for reloading ammunition.
