Safety Instructions for Redding Neck Sizing Die Sets 6.5 Weatherby RPM Neck Die Set

Introduction

Thank you for choosing the Redding Neck Sizing Die Sets for your reloading needs. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully before using the die set.

General Safety Guidelines

- Always ensure that you are using the product in accordance with the manufacturer's instructions.
- Inspect the die set for any visible damage before use. Do not use if damaged.
- Keep the die set out of reach of children and vulnerable individuals.
- Use the product in a wellventilated area to avoid inhaling any dust or debris generated during reloading.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling materials and tools.
- Be aware of your surroundings and ensure that your workspace is clean and organized to prevent accidents.

Specific Safety Precautions for Use

- Do not exceed the maximum load recommendations provided by the bullet manufacturer.
- Ensure that the neck sizing die is properly adjusted before use to avoid oversizing or undersizing cartridges.
- Always check that the decapping rod assembly is securely in place before proceeding with the reloading process.
- Avoid placing your hands or any body parts near the die set while it is in operation.
- Store the die set in a dry and secure location when not in use to prevent rusting and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Redding Neck Sizing Die Sets.
- Clean the die set and reloading press to remove any debris.
- Install the neck sizing die into the press according to the manufacturer's instructions.
- Secure the die firmly and check that it is aligned properly.

2. Usage:

- Set the die to the desired depth according to the specifications for your cartridges.
- Insert the cartridge case into the die and lower the press handle slowly and steadily.
- After sizing, check the cartridge case for proper fit and dimensions.
- Use the seating die to insert the bullet into the cartridge case, ensuring that the bullet guide and crimp ring are functioning correctly.
- Always doublecheck the completed cartridges for safety before use.

Disposal Instructions

- Dispose of any unused or waste materials in accordance with local regulations.
- Do not dispose of any hazardous materials in regular waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's official contact channels.

By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Neck Sizing Die Sets. Always prioritize safety and be informed about any potential hazards associated with reloading practices.
