# Safety Instruction Guide for STEEL SHOT CHARGE BAR MEC RELOADING 13/8OZ BB#2 STEEL SHOT CHARGE BAR

## Introduction

Thank you for choosing the STEEL SHOT CHARGE BAR MEC RELOADING 13/8OZ BB#2 STEEL SHOT CHARGE BAR. This product is designed for single stage reloaders, allowing you to load shot from 7/8 oz. to 11/2 oz. and BB sizes down to #3. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:** The product may pose risks associated with improper handling or use.
- **Avoid Overloading:** Do not exceed the maximum loading capacity of 11/2 oz. to prevent malfunctions.
- **Use Personal Protective Equipment (PPE):** Always wear appropriate PPE, such as safety glasses and gloves, when handling or using the charge bar.
- **Check Compatibility:** Ensure that the charge bar is compatible with your specific reloading equipment.
- **Proper Storage:** Store the charge bar in a dry place away from direct sunlight and moisture to prevent deterioration.
- **Avoid Distractions:** Focus on your task when using the charge bar to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is turned off and unplugged before installation.
- Carefully attach the charge bar to the reloading press according to the manufacturer's instructions.
- Adjust the charge bar settings to the desired shot weight (between 7/8 oz. and 11/2 oz.).
- Secure all connections to ensure stability during operation.

### 2. Usage:

- Load the charge bar with the appropriate shot size and weight.
- Follow the reloading press's operational guidelines to ensure safe and effective reloading.
- Monitor the loading process and immediately stop if you notice any irregularities or issues.
- After completing the reloading process, carefully clean the charge bar to maintain its functionality.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for nonfood product disposal.
- Do not dispose of the charge bar in regular household waste; check for designated recycling facilities.
- Ensure that any hazardous materials are handled according to safety guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the STEEL SHOT CHARGE BAR MEC RELOADING 13/8OZ BB#2 STEEL SHOT CHARGE BAR, please refer to the product packaging or visit the manufacturer's website for additional support.

By following these safety instructions, you can ensure a safer and more effective reloading experience with your STEEL SHOT CHARGE BAR. Thank you for prioritizing safety while using this product.
