# MEC Lead Charge Bars for Single Stage Press Safety Instruction Guide

## Introduction

Thank you for choosing the MEC Lead Charge Bars for your reloading needs. This product is designed to allow you to adjust your shot charge easily, enabling you to create the load you desire. Please read this safety instruction guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the Charge Bars out of reach of children and vulnerable individuals.
- Regularly inspect the Charge Bars for any signs of wear or damage before each use.
- Follow all manufacturer instructions for installation and usage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling lead shot and reloading equipment.
- Ensure that the reloading press is stable and securely mounted before beginning any reloading operations.
- Avoid inhaling dust or fumes generated during the reloading process.
- Do not exceed the recommended charge weights as specified in your reloading data.
- If you notice any unusual noises or malfunctions during operation, stop using the product immediately and consult the manufacturer's guidelines.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is unplugged and not in use before starting the installation.
- Remove the existing charge bar from the reloading press.
- Align the MEC Lead Charge Bar with the mounting points on the press.
- Secure the Charge Bar in place according to the manufacturer's instructions.

### 2. Usage:

- Verify that the Charge Bar is properly installed and secure before use.
- Select the desired shot charge by adjusting the Charge Bar according to the specifications for your load.
- Fill the Charge Bar with the appropriate lead shot or steel shot as required.
- Operate the reloading press according to the manufacturer's guidelines, ensuring all safety precautions are followed.
- After use, clean the Charge Bar and surrounding area to prevent buildup of lead dust or other contaminants.

## Disposal Instructions

- Dispose of any unused lead shot and empty packaging in accordance with local regulations regarding hazardous waste.
- Do not dispose of lead shot in regular household waste. Check with local authorities for proper disposal methods.
- Ensure that any damaged or worn Charge Bars are disposed of safely to prevent accidental injury.

## Contact Information for Further Support

For any questions or concerns regarding the MEC Lead Charge Bars, please refer to the manufacturer's contact information provided with your product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your MEC Lead Charge Bars. Always prioritize safety and compliance with local regulations when using reloading equipment.
