# MEC Lead Charge Bar Progressive Press Safety Instructions

## Introduction

Thank you for choosing the MEC Lead Charge Bar Progressive Press. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this manual carefully before using the charge bar.

## General Safety Guidelines

- Ensure that the MEC Lead Charge Bar is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Keep the workspace clean and organized to prevent accidents.
- Store the charge bar in a dry and secure location to avoid damage and unauthorized access.
- Be aware of your surroundings and ensure that children and pets are kept at a safe distance while reloading.
- Regularly inspect the charge bar for any signs of wear or damage before each use.

## Specific Safety Precautions for Use

- **Hazard Identification:** The charge bar is designed for use with lead and steel shot. Improper use may result in injury or damage. Failure to use the charge bar as intended can lead to malfunction or accidents.
- **Avoiding Hazards:** Do not exceed the recommended shot charge capacity (13/4 oz). Ensure that all components of the reloading press are properly secured before use. Do not attempt to modify the charge bar or its components in any way. Always follow proper reloading procedures to minimize risks associated with the handling of ammunition.
- **Audience Specific Warnings:** This product is not intended for use by individuals under the age of 18. Ensure that inexperienced users are supervised by knowledgeable adults when using the charge bar.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the reloading press is turned off and unplugged before installation.
2. Remove the existing charge bar from the press.
3. Align the MEC Lead Charge Bar with the mounting points on the press.
4. Secure the charge bar in place according to the manufacturer's instructions.

### • Usage:

1. Adjust the charge bar to the desired shot weight (13/4 oz).
2. Follow the reloading press instructions to load the shot into the shell.
3. Monitor the reloading process to ensure proper functioning and safety.
4. After use, clean the charge bar to maintain its performance and longevity.

## Disposal Instructions

- Dispose of the MEC Lead Charge Bar in accordance with local regulations regarding metal recycling.
- Ensure that any hazardous materials, such as lead, are handled and disposed of safely.
- Do not throw the charge bar in regular trash; check for designated recycling points in your area.

## Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the manufacturer's website or customer support resources. Make sure to keep this manual for future reference.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your MEC Lead Charge Bar Progressive Press. Thank you for your attention to safety, and happy reloading!
