Safety Instruction Guide for SHELLHOLDER MEC RELOADING 410 GAUGE SHELLHOLDER

Introduction

Thank you for choosing the SHELLHOLDER MEC RELOADING 410 GAUGE SHELLHOLDER. This product is designed to assist in the efficient reloading of shotgun shells. It is important to follow all safety guidelines to ensure a safe and effective reloading experience. This guide outlines the necessary safety precautions, installation instructions, and disposal methods in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the shellholder.
- Ensure that the shellholder is compatible with your MEC reloading press and the .410 Bore cartridge.
- Keep the shellholder and all reloading equipment out of reach of children and vulnerable individuals.
- Regularly inspect the shellholder for any signs of wear or damage before use.
- Use the shellholder only for its intended purpose as described in this guide.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the reloading area is clean, dry, and wellventilated.
- Wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Do not exceed the recommended load limits for the .410 Bore cartridge.
- Avoid distractions while reloading to maintain focus and safety.
- Store reloading components, including primers and powder, in a secure location away from children and pets.
- Follow all local laws and regulations regarding ammunition reloading.

Instructions for Installation and Usage

1. Installation

- Remove the shellholder from its packaging.
- Inspect the shellholder for any damage or defects.
- Place the shellholder onto the MEC reloading press, ensuring it is securely attached.
- Refer to the MEC reloading press manual for specific installation instructions related to your model.

2. Usage

- Prepare your reloading components, including empty shells, primers, powder, and wads.
- Follow the reloading press instructions to insert the empty shell into the shellholder.
- Proceed with the reloading process as per the MEC reloading press guidelines.
- After reloading, remove the completed shell from the shellholder carefully.

Disposal Instructions

- Dispose of any damaged or worn shellholders in accordance with local waste disposal regulations.
- Do not throw shellholders in the regular trash if they are contaminated with hazardous materials.
- Recycle packaging materials where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the SHELLHOLDER MEC RELOADING 410 GAUGE SHELLHOLDER, please consult the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety while using the SHELLHOLDER MEC RELOADING 410 GAUGE SHELLHOLDER. Your adherence to these guidelines helps ensure a safe reloading experience.
