

SINCLAIR SHOOTING REST ACCESSORIES - SINCLAIR INTERNATIONAL DELUXE SHOOTING REST THREADED HANDWHEEL 1-14"

[Shooting Accessories](#) > [Shooting Rests](#) > [Shooting Rest Accessories](#)

Sinclair Competition Rest Post, 1" Do you ever go to the range with more than one rifle? To avoid adjusting your shooting rest top to accommodate different sized rifle forends, shooters often purchase an additional shooting rest top, post, and handwheel, allowing a quick-change without any adjustment or assembly. Shoot your wide forend varmint gun and then switch tops to sight in your favorite lightweight hunting rifle. Post is 1-14" threaded stainless steel for use with the Sinclair Competition Rest series only. The handwheel is aluminum with black anodized finish with a stainless steel threaded insert designed for a gall-free lifetime of use. Handwheel utilizes 1-14" threads and is designed for use with the Sinclair Competition Rest series only. Sinclair Competition Forend Stop Upgrade your existing Sinclair Rest top with our Sinclair Competition Forend Stop. The Sinclair Competition Forend Stop is fully adjustable for length (fore and aft), height, and cant. It works with current production Generation II rest tops (Benchrest and All-Purpose). Made with stainless steel fasteners and a Delron stop knob, it's built for a lifetime of use.

Safety Instruction Guide for Sinclair Shooting Rest Accessories

Introduction

Thank you for choosing the Sinclair Shooting Rest Accessories. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully to understand how to use the Sinclair Competition Rest Post and related accessories safely.

General Safety Guidelines

- Always ensure that the shooting rest is used in a safe and controlled environment.
- Use the product only for its intended purpose as described in this manual.
- Regularly inspect the shooting rest and its components for any signs of wear or damage before use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the shooting rest is securely positioned before use to prevent it from tipping over.
- Avoid using the shooting rest on uneven surfaces; always place it on a stable and flat area.
- Do not overload the shooting rest with excessive weight beyond its designed capacity.
- When switching tops or making adjustments, ensure that all components are securely tightened to prevent accidental disassembly.
- Always wear appropriate safety gear, such as eye protection, when using firearms in conjunction with the shooting rest.

Instructions for Installation and Usage

1. Installation of the Sinclair Competition Rest Post:

- Begin by selecting a stable and flat surface for installation.
- Attach the rest post to the base of the shooting rest by aligning the 114" threaded stainless steel post with the corresponding socket on the base.
- Twist the post clockwise until it is securely fastened.

2. Attaching the Handwheel:

- Locate the handwheel and ensure that it is free from any obstructions.
- Align the handwheel with the threaded insert on the post.
- Turn the handwheel clockwise until it is snug, ensuring it is secure for use.

3. Using the Sinclair Competition Forend Stop:

- If you have the Sinclair Competition Forend Stop, attach it to the rest top by aligning it with the provided slots.
- Adjust the length, height, and cant of the forend stop as needed for your specific rifle.
- Ensure that all adjustments are tightened before use.

4. Using the Shooting Rest:

- Place your rifle securely on the rest top, ensuring it is stable and balanced.
- Make any necessary adjustments to the rest top or forend stop to achieve the desired shooting

position.

- Always ensure that the area around you is clear of people and obstacles before firing.

Disposal Instructions

- Dispose of the product and its components in accordance with local regulations.
- Do not dispose of any electronic components in regular household waste. Check for designated recycling facilities in your area.
- Ensure that any hazardous materials are handled according to safety guidelines.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the Sinclair Shooting Rest Accessories, please refer to the manufacturer's contact information provided on the product packaging or visit the official website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience!
