

# AR-15 VORTEX G6-A2 FLASH ELIMINATOR 22 CAL - VORTEX G6-A2 FLASH ELIMINATOR22 CAL 1/2-28 STEEL PARKERIZE

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

## Helical Flutes Dissipate Gas, Hide Muzzle Flash

Four, specially angled flutes hide nearly 100% of muzzle flash, even during full-auto fire, by dissipating gas and retaining unburned powder for increased residual burn. Constructed of the same 8620 bar stock steel used in the manufacture of AR-15/M16 bolts and carriers, then case-hardened to provide a high-strength core and tough, outer shell. Special, helix design helps align exiting barrel gas to improve accuracy with all bullet types. Skirt extension conceals gap between barrel shoulder and flash hider on AR-15, M16, and M4 rifles. Grooved base ring allows integration of Blank Firing Attachment (BFA) used by law enforcement trainers, and permits installation of the Smith Enterprise M4DC CQB sound and flash suppressor (available factory direct to USG/LE and FMS customers). Thread-on design requires no washer. Torque to 10 ft. lbs. maximum, self-tightens as weapon is fired. Use M-193, SS-109 (M855), and MK 262 service ammo for highest degree of flash suppression. Can be permanently attached to 14.5" long, M4 barrels for an overall length of 16.1". G6-A2 has smooth exterior.

## Attributes

- Name: [VORTEX G6-A2 FLASH ELIMINATOR22 CAL 1/2-28 STEEL PARKERIZE](#)
- Manufacturer: [SMITH ENTERPRISE](#)
- Product no.: 851000047
- Mfr. No.: 1001-V-A2
- Caliber: 22 Caliber (.223-.224)
- Finish: Parkerized
- Make: AR-15
- Material: Steel
- Size: .858
- Threads: 1/2-28
- Delivery weight: 0.068kg
- Shipping height: 20mm
- Shipping width: 28mm
- Shipping length: 79mm

# AR15 Vortex G6A2 Flash Eliminator Safety Instruction Guide

## Introduction

Thank you for choosing the AR15 Vortex G6A2 Flash Eliminator. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only with compatible firearms, specifically AR15, M16, and M4 rifles.
- Always handle firearms responsibly and follow all local laws and regulations regarding firearm use.
- Be aware of your surroundings when using firearms equipped with this flash eliminator to prevent accidents.
- Regularly inspect the flash eliminator for any signs of wear or damage before use.
- If you notice any irregularities or defects, refrain from using the product and seek assistance.

## Specific Safety Precautions for Use

- Use only specified ammunition types: M193, SS109 (M855), and MK 262 service ammo for optimal performance.
- Avoid using the flash eliminator in environments where excessive muzzle flash could cause a safety hazard.
- Do not exceed the recommended torque of 10 ft. lbs. when installing the flash eliminator to prevent damage.
- Ensure that the product is securely attached before firing the weapon to avoid accidents.
- Keep the product out of reach of children and unauthorized users.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a torque wrench.

### 2. Installation:

- Clean the muzzle threads of the firearm to remove any debris.
- Align the flash eliminator with the muzzle threads and handtighten it onto the barrel.
- Use a torque wrench to tighten the flash eliminator to a maximum of 10 ft. lbs. Do not use a washer.
- Confirm that the flash eliminator is securely attached and does not wobble.

### 3. Usage:

- When firing, maintain proper shooting stance and aim.
- Monitor the performance of the flash eliminator during use. If any issues arise, cease use immediately.
- After use, clean the flash eliminator according to the manufacturer's recommendations to maintain its condition.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding the disposal of firearm accessories.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the AR15 Vortex G6A2 Flash Eliminator, please refer to the manufacturer or your local dealer for assistance. Always ensure that you are following the latest safety guidelines and regulations.

By adhering to these safety instructions, you can ensure a safer experience while using the AR15 Vortex G6A2 Flash Eliminator. Thank you for your attention to safety and for choosing this product.
