

REM 870/1100/11-87 TRIGGER FIX - TIMNEY REM 870 TRIGGER FIX

[Shotgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Trigger Springs](#)

For A Light, Smooth, Adjustable Trigger Pull

Drop-in kit replaces original factory sear and spring for a smoother, lighter, fully adjustable trigger pull that helps you shoot more accurately. Comes with three different weight springs to lower the heavy factory trigger pull to a comfortable 2, 3, or 4 lbs., then fine-tune the pull with the adjustment screw using the included hex-head wrench. Springs are color-coded for easy identification.

REM 870/1100/1187 Trigger Fix Safety Instruction Guide

Introduction

Thank you for choosing the REM 870/1100/1187 Trigger Fix by Timney. This product is designed to enhance your shooting experience by providing a smoother and lighter trigger pull. However, it is important to use the product safely and responsibly. This guide provides essential safety information, installation instructions, and contact information for further support.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Ensure that you are in a safe environment when handling or installing the trigger fix.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Familiarize yourself with your firearm's manual and follow all manufacturer instructions.
- Inspect the trigger fix and your firearm before each use to ensure they are in good condition.
- If you experience any malfunctions, do not attempt to use the firearm until it has been inspected by a qualified gunsmith.

Specific Safety Precautions for Use

- This product is intended for use by individuals 18 years of age and older.
- Do not modify the trigger fix beyond the manufacturer's specifications.
- Ensure that the firearm is unloaded before beginning installation.
- Use the provided hexhead wrench to adjust the trigger pull weight safely.
- Do not exceed the recommended trigger pull weights of 2 lbs., 3 lbs., or 4 lbs.
- Be cautious of the colorcoded springs; ensure you use the correct spring for your desired pull weight.
- Always wear appropriate eye and ear protection when using firearms.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather the necessary tools, including the provided hexhead wrench.

2. Removing the Original Trigger:

- Follow your firearm's manual to safely disassemble the trigger mechanism.
- Carefully remove the original sear and spring.

3. Installing the Trigger Fix:

- Insert the new steel sear into the trigger mechanism.
- Choose the appropriate weight spring (2 lb. blue, 3 lb. white, 4 lb. red) based on your preference.
- Install the chosen spring according to the manufacturer's specifications.

4. Adjusting the Trigger Pull:

- Use the hexhead wrench to adjust the trigger pull weight.

- Test the trigger pull and make fine adjustments as needed.

5. Reassembly:

- Reassemble the firearm according to the manufacturer's instructions.
- Doublecheck that all components are securely in place.

Usage Instructions

- After installation, test the trigger in a safe environment.
- Ensure you are familiar with the new trigger pull weight before using the firearm in live situations.
- Regularly inspect the trigger fix for wear and tear.

Disposal Instructions

- Dispose of any old or unused parts in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the REM 870/1100/1187 Trigger Fix, please refer to the manufacturer's website or contact their support team for assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your REM 870/1100/1187 Trigger Fix. Always prioritize safety and responsible firearm handling practices.
