

LETTER DRILLS - JOBBER LENGTH - TRIUMPH TWIST DRILL CO. JOBBER LENGTH LETTER DRILL C (.242") DIAMETER

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Drill Bits](#)

U.S. Made

A heavy-duty drill can make all the difference in the world in your work. The extra engineering and care in manufacture will help you to drill cleaner, more accurate holes, and many more of them at that. All the Drills we carry, Sets, Individuals, Jobber Length and Short Length, are made from High Speed Steel with a 135° self-centering point. Special point and surface treatments (Maxi-Set not treated) give easier, more wear-resistant drilling of the tough steels encountered in the gun shop.

Attributes

- Name: [TRIUMPH TWIST DRILL CO. JOBBER LENGTH LETTER DRILL C \(.242"\) DIAMETER](#)
- Manufacturer: [TRIUMPH TWIST DRILL CO.](#)
- Product no.: 891303242
- Mfr. No.:
- Bit Size: 0.242
- Colour: Black Oxide
- Material: High Speed Steel
- Style: Jobber Drill Bits- Drill Bit Style
- Delivery weight: 0.018kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 146mm

Safety Instruction Guide for LETTER DRILLS JOBBER LENGTH TRIUMPH TWIST DRILL CO.

Introduction

Thank you for choosing the LETTER DRILLS JOBBER LENGTH from TRIUMPH TWIST DRILL CO. This guide provides essential safety instructions to ensure the safe and effective use of the drill. Please read this document carefully before using the product to understand all safety precautions and operational guidelines.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the drill.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the drill away from children and unauthorized users.
- Inspect the drill before each use for any signs of damage or wear. Do not use if damaged.
- Use the drill only for its intended purpose as specified in this guide.
- Follow all local regulations regarding the use and disposal of power tools.

Specific Safety Precautions for Use

- Ensure that the drill bit is securely tightened in the chuck before starting the operation.
- Do not attempt to drill materials that are not recommended for this drill.
- Always drill at the recommended speed for the material being used to prevent overheating and damage to the drill bit.
- Avoid excessive force while drilling. Let the drill do the work to prevent bit breakage.
- Do not remove the drill bit from the material while it is still rotating.
- Always disconnect the drill from the power source when changing bits or making adjustments.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the drill is compatible with the power source and the workpiece.

2. Installation:

- Insert the drill bit into the chuck of the drill.
- Tighten the chuck securely to hold the drill bit in place.

3. Usage:

- Position the drill perpendicularly to the workpiece for straight drilling.
- Start the drill at a low speed to create a pilot hole, then increase to the recommended speed.
- Maintain a steady pressure while drilling, but do not force the drill.
- Keep hands and other body parts away from the rotating drill bit.
- After completing the drilling, turn off the drill and wait for the bit to come to a complete stop before removing it from the workpiece.

Disposal Instructions

- Dispose of the drill responsibly according to local waste management regulations.
- Remove the drill bit and dispose of it separately if required by local guidelines.
- Do not dispose of the drill in regular household waste. Check for recycling options.

Contact Information for Further Support

For safety inquiries or further assistance, please contact the manufacturer's EUbased customer service. Ensure you have the product information ready for a quicker response.

By following these guidelines, you can ensure safe operation and maximize the performance of your LETTER DRILLS JOBBER LENGTH. Thank you for your attention to safety!
