

LETTER DRILLS - JOBBER LENGTH - TRIUMPH TWIST DRILL CO. JOBBER LENGTH LETTER DRILL G (.261") DIAMETER

[Gunsmith Tools](#) > [Power Tools & Accessories](#) > [Drill Bits](#)

U.S. Made

A heavy-duty drill can make all the difference in the world in your work. The extra engineering and care in manufacture will help you to drill cleaner, more accurate holes, and many more of them at that. All the Drills we carry, Sets, Individuals, Jobber Length and Short Length, are made from High Speed Steel with a 135° self-centering point. Special point and surface treatments (Maxi-Set not treated) give easier, more wear-resistant drilling of the tough steels encountered in the gun shop.

Attributes

- Name: [TRIUMPH TWIST DRILL CO. JOBBER LENGTH LETTER DRILL G \(.261"\) DIAMETER](#)
- Manufacturer: [TRIUMPH TWIST DRILL CO.](#)
- Product no.: 891307261
- Mfr. No.:
- Bit Size: 0.261
- Colour: Black Oxide
- Material: High Speed Steel
- Style: Jobber Drill Bits- Drill Bit Style
- Delivery weight: 0.018kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 086839134079

Safety Instructions for LETTER DRILLS JOBBER LENGTH

Introduction

Thank you for choosing the LETTER DRILLS JOBBER LENGTH from TRIUMPH TWIST DRILL CO. This heavyduty drill is designed for precision drilling in various materials. It is important to follow safety guidelines to ensure safe and effective use of this product. This guide provides essential safety instructions and information for the proper handling and disposal of the drill.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the drill.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that the drill is used only for its intended purpose as specified in this guide.
- Do not use the drill if it is damaged or malfunctioning. Inspect the drill before each use.
- Store the drill in a safe place, out of reach of children and pets.
- Be aware of your surroundings and ensure that no one else is in the immediate area when operating the drill.

Specific Safety Precautions for Use

- Ensure that the drill bit is securely attached before use to prevent accidents.
- Use the drill at the recommended speed settings for the material being drilled.
- Avoid applying excessive force while drilling; let the drill do the work.
- Do not attempt to drill materials that exceed the drill's specifications.
- Be cautious of chips and debris generated during drilling; they can be sharp and hazardous.
- If the drill binds or stalls, stop immediately and remove the bit from the material.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate drill bit size for your project.
- Insert the drill bit into the chuck of the drill and tighten securely using the chuck key or by hand, depending on the drill type.
- Ensure the drill is unplugged or switched off during installation.

2. Usage:

- Position the drill perpendicular to the work surface for accurate drilling.
- Mark the drilling point clearly to ensure precision.
- Start the drill at a low speed to create a guide hole, then gradually increase speed as needed.
- Maintain a firm grip on the drill and keep both hands clear of the rotating bit.
- After completing the drilling, allow the drill to come to a complete stop before removing it from the workpiece.

Disposal Instructions

- Dispose of the drill responsibly according to local regulations.
- If the drill is no longer usable, consider recycling it to reduce environmental impact.
- Do not dispose of the drill in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the LETTER DRILLS JOBBER LENGTH, please refer to the manufacturer's contact information provided on the packaging or product insert.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective drilling experience.
