

# MRO RED DOT REFLEX SIGHT - MRO 1X25MM 2.0 MOA RED DOT LOW MOUNT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The Trijicon MRO™ (Miniature Rifle Optic) is a sealed miniature reflex sight intended for use on rifles, carbines and shotguns to provide fast target acquisition. The large aperture and tapered light path maximizes the viewing area and allows for better situational awareness and fast target engagement – especially from non-standard shooting positions. Combine all this with the ambidextrous brightness controls, sub-flush adjusters, advanced lens coatings and the fully sealed, waterproof, hard anodized forged 7075-T6 housing and you have the ultimate mini reflex sight on the market. The front, or objective lens is installed at a precise angle in order to reflect the red dot back to the user's eye.

## Attributes

- Name: [MRO 1X25MM 2.0 MOA RED DOT LOW MOUNT BLACK](#)
- Manufacturer: [TRIJICON](#)
- Product no.: 892000168
- Mfr. No.: 2200004

# MRO RED DOT REFLEX SIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the Trijicon MRO™ (Miniature Rifle Optic). This guide provides essential safety information and instructions for the safe use of your reflex sight. Please read this document carefully to ensure a safe and enjoyable experience.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle the sight responsibly and with care.
- Keep the sight out of reach of children and vulnerable individuals.
- Regularly check the sight for any signs of damage or wear.
- Do not use the sight if it appears to be damaged or malfunctioning.
- Be aware of your surroundings when using the sight to avoid accidents.
- Always wear appropriate eye protection when using firearms equipped with this sight.

## Specific Safety Precautions for Use

- **Avoid Eye Injury:** Never look directly at the sun through the sight. Doing so can cause serious eye damage.
- **Secure Mounting:** Ensure the sight is securely mounted to your firearm before use. Loose fittings can lead to misalignment or loss of the sight.
- **Battery Safety:** Use only the specified battery type (1 CR 2032 Lithium battery). Follow the battery installation instructions carefully.
- **Water Resistance:** Although the sight is waterproof, avoid submerging it in water for extended periods. Always check the seals before use in wet conditions.
- **Cleaning:** Use a soft, lintfree cloth for cleaning the lenses. Avoid using harsh chemicals or abrasive materials that could damage the lens coatings.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Select an appropriate mounting location on your firearm that allows for a clear line of sight.
- Securely attach the sight to the mount using the provided screws and tools. Ensure it is tightly fastened.
- Check the alignment of the sight before proceeding to use.

### 2. Usage:

- Power on the sight using the brightness control. Adjust the brightness according to your environment.
- To engage a target, align the red dot with the target while maintaining a proper shooting stance.
- Practice using the sight in a controlled environment to become familiar with its operation and adjustments.
- After use, power off the sight to conserve battery life.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the sight or batteries in regular household waste.
- Check with your local waste management facility for proper disposal methods for electronic products and batteries.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Trijicon MRO™ reflex sight, please refer to the manufacturer's website or contact your local authorized dealer.

By following these safety instructions, you can ensure a safe and effective experience with your Trijicon MRO™ reflex sight. Always prioritize safety and responsibility when handling and using any optical sight or firearm. Thank you for your attention to these important guidelines.
