

S&W M&P 15-22 EXACT EDGE EXTRACTOR - VOLQUARTSEN S&W M&P 15-22 EXACT EDGE EXTRACTOR

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractors](#)

Exact Edge Extractor for the Smith and Wesson M&P 15-22. The replacement extractor was manufactured through a EDM process to provide exact tolerances. The geometry has been changed to provide positive ejection every time. One geometry change was moving the hook .015" closer to the rim and changing the angle so that it grabs the spent casing with much more precision and control. The extractor is A2 Tool Steel and hardened to Rc 58-60 so this extractor will not wear out or round over after years of use.

Safety Instruction Guide for S&W M&P 1522 Exact Edge Extractor

Introduction

Thank you for choosing the S&W M&P 1522 Exact Edge Extractor manufactured by Volquartsen. This guide provides essential safety instructions to ensure the safe and effective use of your extractor. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the extractor.
- Only use this extractor with the Smith and Wesson M&P 1522 model.
- Store the extractor and your firearm in a secure location, away from children and unauthorized users.
- Always treat your firearm as if it is loaded, even when it is not.
- Use appropriate safety gear, such as eye and ear protection, when handling your firearm.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not attempt to modify the extractor in any way. Alterations may compromise safety and performance.
- Always ensure that the firearm is unloaded before installing or replacing the extractor.
- Follow the manufacturer's instructions for installation to avoid improper handling that could lead to accidents.
- Inspect the extractor regularly for signs of wear or damage. Replace it if any issues are found.
- If you experience any malfunctions or issues with the extractor, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Instructions

1. Ensure the firearm is unloaded. Remove any ammunition from the chamber and magazine.
2. Disassemble the firearm according to the manufacturer's guidelines.
3. Locate the extractor within the bolt assembly.
4. Carefully remove the old extractor from the bolt.
5. Install the new Exact Edge Extractor by following these steps:
 - Align the extractor with the bolt assembly.
 - Press the extractor into place until it is securely seated.
6. Reassemble the firearm carefully, ensuring all components are correctly installed.
7. Perform a function check to ensure the extractor operates correctly with the firearm.

Usage Instructions

- After installation, test the extractor with dummy rounds to ensure proper function.
- Use only the recommended ammunition for the Smith and Wesson M&P 1522.
- Regularly clean and maintain your firearm and the extractor to ensure optimal performance.

Disposal Instructions

- Dispose of the extractor according to local regulations regarding metal and firearm components.
- Do not throw the extractor in regular household waste.

- If the extractor is damaged or no longer usable, consider recycling it at a facility that accepts metal components.
