

M4 CARBINE/6.8 CS SPRING KIT - SPRINCO USA SPRING KIT-XP BUFFER W/ HD 5-COIL BOLT EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Extra Power Buffer Spring. This was Sprinco's first AR buffer spring solution that they were tasked to design back in 2006 for a Force Modernization Team to specifically address spring-related M4 carbine reliability function issues for operating challenges in the Eastern Asia Theatre. The design loads of the Red spring are approximately 25% greater than the White spring for one of the considered Load Constants in the spring design. Refer to provided tuning procedure reference documents prior to calling for recommendations for use. The Red spring is commonly used in 9mm, 6.8 SPC, 6.5 Grendel, .450 BM, .450 SOCOM, .500 Beowulf, and Colt LE6920's specimen carbines, but certain specimen guns can deviate from the norm depending upon port values and the power factor of your chosen ammunition loads.

Attributes

- Name: [SPRINCO USA SPRING KIT-XP BUFFER W/ HD 5-COIL BOLT EXTRACTOR SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000029
- Mfr. No.: 25006
- Delivery weight: 0.077kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780250066

Safety Instruction Guide for M4 CARBINE/6.8 CS SPRING KIT SPRINCO USA

Introduction

Thank you for choosing the M4 CARBINE/6.8 CS SPRING KIT by Sprinco USA. This product is designed to enhance the reliability and performance of your firearm. It is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information, usage instructions, and disposal guidelines to help you use this product responsibly.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the spring kit and all firearm components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and components for wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Be aware of your surroundings and the potential for ricochet when firing.

Specific Safety Precautions for Use

- Use the Red spring only in compatible firearms as specified in the product description.
- Ensure that the ammunition used is suitable for your firearm and matches the specifications of the spring kit.
- If you experience any malfunctions or issues during use, discontinue use immediately and consult a qualified gunsmith.
- Avoid using the spring kit with modifications or alterations that are not recommended by the manufacturer.
- Do not exceed the recommended load limits for your firearm.
- Be cautious of potential recoil and ensure you have a firm grip on the firearm when firing.

Instructions for Installation and Usage

1. Installation Instructions:

- Ensure that the firearm is unloaded and the chamber is clear before beginning installation.
- Disassemble the firearm according to the manufacturer's instructions.
- Remove the existing buffer spring and replace it with the Red spring from the Sprinco kit.
- Ensure that the spring is seated properly and securely in place.
- Reassemble the firearm following the manufacturer's instructions.

2. Usage Instructions:

- Before firing, perform a function check to ensure that the firearm operates correctly with the new spring.
- Use appropriate protective gear, including eye and ear protection, when firing.
- Maintain proper shooting posture and grip to manage recoil effectively.
- After use, clean the firearm and inspect the spring for any signs of wear or damage.

Disposal Instructions

- Dispose of the spring kit in accordance with local environmental regulations.
- Do not dispose of the spring in regular household waste.
- If the spring is damaged or no longer usable, consider recycling options or contacting a local hazardous waste facility for proper disposal.

Contact Information for Further Support

For any safety inquiries or additional support regarding the M4 CARBINE/6.8 CS SPRING KIT, please refer to the manufacturer's contact point located within the European Union. You can find this information on the product packaging or the manufacturer's official website.

By following these safety guidelines and instructions, you can ensure a safer and more enjoyable experience with your M4 CARBINE/6.8 CS SPRING KIT. Always prioritize safety and responsible firearm handling.
