

M4 CARBINE/6.8 CS SPRING KIT - SPRINCO USA SPRING KIT-XP BUFFER &ENHANCED 4COIL BOLT EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Extra Power Buffer Spring. This was Sprinco's first AR buffer spring solution that they were tasked to design back in 2006 for a Force Modernization Team to specifically address spring-related M4 carbine reliability function issues for operating challenges in the Eastern Asia Theatre. The design loads of the Red spring are approximately 25% greater than the White spring for one of the considered Load Constants in the spring design. Refer to provided tuning procedure reference documents prior to calling for recommendations for use. The Red spring is commonly used in 9mm, 6.8 SPC, 6.5 Grendel, .450 BM, .450 SOCOM, .500 Beowulf, and Colt LE6920's specimen carbines, but certain specimen guns can deviate from the norm depending upon port values and the power factor of your chosen ammunition loads.

Attributes

- Name: [SPRINCO USA SPRING KIT-XP BUFFER &ENHANCED 4COIL BOLT EXTRACTOR SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000030
- Mfr. No.: 25406
- Delivery weight: 0.073kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780254064

Safety Instruction Guide for M4 CARBINE/6.8 CS SPRING KIT SPRINCO USA

Introduction

Thank you for choosing the M4 CARBINE/6.8 CS SPRING KIT from SPRINCO USA. This product has been designed to enhance the reliability and performance of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that you are familiar with the operation and safety features of your firearm.
- Store the spring kit in a cool, dry place away from direct sunlight and moisture.
- Keep the spring kit out of reach of children and unauthorized individuals.
- Regularly inspect the spring kit for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- Use only compatible ammunition as specified for your firearm and the spring kit.
- Ensure that the firearm is unloaded before installing or removing the spring kit.
- Do not exceed the manufacturer's recommended load specifications when using the spring kit.
- If you experience malfunctions or unusual behavior during operation, stop using the firearm immediately and consult a qualified gunsmith.
- Be aware that the Red spring is designed for specific calibers; ensure compatibility before use.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a suitable work surface.

2. Remove the Existing Buffer Spring:

- Disassemble the firearm following the manufacturer's instructions.
- Carefully remove the existing buffer spring from the buffer tube.

3. Install the New Buffer Spring:

- Insert the new Red buffer spring into the buffer tube.
- Ensure it is seated properly and securely.

4. Reassemble the Firearm:

- Follow the manufacturer's instructions to reassemble the firearm.
- Ensure all components are securely in place.

5. Function Check:

- Perform a function check to ensure the firearm operates correctly with the new spring kit.

Usage Instructions

- When using the firearm, maintain proper grip and stance to control recoil.
- Always wear appropriate safety gear, including eye and ear protection.
- Regularly clean and maintain your firearm and the spring kit to ensure optimal performance.

Disposal Instructions

- Dispose of the spring kit in accordance with local regulations.
- Do not dispose of the spring kit in regular household waste.
- Contact your local waste disposal authority for specific instructions on the disposal of firearm components.

Contact Information for Further Support

For any questions or concerns regarding the M4 CARBINE/6.8 CS SPRING KIT, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your M4 CARBINE/6.8 CS SPRING KIT from SPRINCO USA. Always prioritize safety and compliance with local laws when using firearm accessories. Thank you for your attention to these important safety measures.
