

M4 CARBINE CS STANDARD SPRING KITS - SPRINCO USA SPRING KIT-STD BUFFER & 4-COIL BOLT EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Standard Power Buffer Spring. Equivalent spring load to a brand new Mil-Spec M4 Carbine Spring. This spring will perform reliably in any properly configured and maintained 5.56 Carbine, if you wish to maintain the performance of a "fresh" Mil-Spec load spring without concern for replacement. This is the best choice for shooters and purists that wish to maintain the performance of most factory supplied new Mil-Spec springs, but do not wish to be concerned with frequent replacement of same or do not have the time or inclination to seek enhanced performance options. Just consider it as permanent new Mil-Spec spring.

Safety Instruction Guide for M4 Carbine CS Standard Spring Kits

Introduction

Thank you for choosing the M4 Carbine CS Standard Spring Kit from SPRINCO USA. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your spring kit. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that all firearm components are properly maintained and inspected before use.
- Use only compatible parts with your M4 Carbine to avoid malfunctions.
- Always keep firearms unloaded when not in use and store them securely.
- Follow all local laws and regulations regarding firearm use and maintenance.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.
- Report any unsafe products or accidents to the relevant authorities promptly.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation can lead to firearm malfunctions.
- Use of noncompatible parts may cause damage or injury.
- Failure to maintain your firearm can result in unsafe conditions.

- **To Avoid Hazards:**

- Ensure that you are using the correct tools and parts for installation.
- Consult a qualified gunsmith if you are unsure about any aspect of the installation process.
- Regularly inspect the spring and other components for wear and damage.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Keep all firearm components out of reach of children.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver and any specific tools recommended for your M4 Carbine model.
- Ensure that the firearm is unloaded and in a safe condition before starting the installation.

2. Installation Steps:

- Remove the existing buffer spring and bolt extractor spring from your M4 Carbine.
- Carefully install the new Standard Power Buffer Spring in the buffer tube, ensuring it is seated properly.
- Install the 4Coil Bolt Extractor Spring in the bolt assembly, making sure it fits securely.
- Reassemble your firearm according to the manufacturer's guidelines.

3. Usage:

- After installation, conduct a function check to ensure that the firearm operates correctly.
- Test the firearm in a controlled environment to ensure reliability and performance.
- Maintain regular cleaning and inspection of the spring and other components.

Disposal Instructions

- When disposing of old springs or any firearm components, follow local regulations regarding hazardous waste.
- Do not dispose of springs in regular trash. Instead, contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the M4 Carbine CS Standard Spring Kit, please refer to the manufacturer's contact details provided with your product. Ensure that all inquiries are directed to the appropriate EU-based contact for safety inquiries.

Thank you for prioritizing safety and compliance while using your M4 Carbine CS Standard Spring Kit. Enjoy your shooting experience responsibly!
