

M4 CARBINE CS STANDARD SPRING KITS - SPRINCO USA M4 CARBINE BUFFER SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Standard Power Buffer Spring. Equivalent spring load to a brand new Mil-Spec M4 Carbine Spring. This spring will perform reliably in any properly configured and maintained 5.56 Carbine, if you wish to maintain the performance of a "fresh" Mil-Spec load spring without concern for replacement. This is the best choice for shooters and purists that wish to maintain the performance of most factory supplied new Mil-Spec springs, but do not wish to be concerned with frequent replacement of same or do not have the time or inclination to seek enhanced performance options. Just consider it as permanent new Mil-Spec spring.

M4 Carbine CS Standard Spring Kits Safety Instruction Guide

Introduction

Thank you for choosing the M4 Carbine CS Standard Spring Kits by SPRINCO USA. This guide provides essential safety instructions to ensure the safe use and maintenance of your buffer spring. Please read this guide carefully before installation and usage to ensure optimal performance and safety.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Always handle the product with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage. If any issues are found, discontinue use immediately.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the M4 Carbine buffer spring only with compatible firearms. Improper use may lead to malfunction or injury.
- Ensure that the firearm is unloaded before installing or removing the buffer spring.
- Wear appropriate safety gear, such as eye protection, when handling or working with firearms.
- Do not modify the buffer spring or use it in a manner not specified by the manufacturer.
- Always follow safe handling practices when using firearms, including keeping the muzzle pointed in a safe direction.

Instructions for Installation and Usage

1. Preparation

- Ensure you have a clean and welllit workspace.
- Gather necessary tools, including a screwdriver, if required.

2. Installation

- Confirm that the firearm is completely unloaded.
- Remove the existing buffer spring from the buffer tube according to the firearm manufacturer's instructions.
- Insert the new M4 Carbine buffer spring into the buffer tube, ensuring it is seated properly.
- Reassemble the firearm according to the manufacturer's specifications.

3. Usage

- After installation, conduct a function check to ensure the firearm operates correctly.
- Test fire the firearm in a safe and controlled environment, following all safety protocols.

4. Maintenance

- Regularly check the buffer spring for signs of wear or damage.
- Clean the firearm and its components as per the manufacturer's recommendations to ensure

optimal performance.

Disposal Instructions

- Dispose of the buffer spring in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for any recycling programs or hazardous waste collection points in your area.

Contact Information for Further Support

For any inquiries regarding safety, product performance, or additional support, please reach out to your local authorized dealer or the manufacturer directly. Ensure that you have the product details at hand for a more efficient response.

By following these safety instructions, you can ensure the safe usage of the M4 Carbine CS Standard Spring Kits and maintain the performance of your firearm. Thank you for choosing SPRINCO USA products. Stay safe and responsible.
