

# M4 CARBINE CS REDUCED POWER SPRING KITS - SPRINCO USA REDUCED POWER KIT BUFFER XP 5-COIL BOLT EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Reduced Power Buffer Spring. Sprinco collaborated with two prominent commercial ammunition manufacturers and two prominent gunsmiths to arrive at the design for the Yellow spring. It's approximately 20% lighter than the White spring, and was the consensus choice out of 4 different evaluation samples provided to all parties. They all added in their final evaluations that if a particular gun needed a lighter spring, that the gas port should be enlarged for overall reliability. The Yellow spring is also appropriate for with low power SRTA training or SIMS Rounds for training operations.

## Attributes

- Name: [SPRINCO USA REDUCED POWER KIT BUFFER XP 5-COIL BOLT EXTRACTOR SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000042
- Mfr. No.: 25119
- Delivery weight: 0.082kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780251193

# M4 Carbine CS Reduced Power Spring Kits Safety Instructions

## Introduction

Thank you for choosing the M4 Carbine CS Reduced Power Spring Kits by Sprinco USA. This guide provides essential safety instructions and guidelines to ensure the safe use of the product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always handle the product with care and follow all safety instructions.
- Ensure that the product is used in accordance with the manufacturer's specifications.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product regularly for signs of wear or damage. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing the spring.
- Use protective eyewear when handling or installing the spring to prevent injury.
- Be cautious of the spring's tension during installation to avoid sudden release.
- Only use the spring with compatible firearms as specified by the manufacturer.
- Avoid using the spring with ammunition that exceeds the recommended specifications.
- If you experience any malfunctions or unusual behavior, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Gather all necessary tools and ensure a clean workspace.
- Verify that the firearm is completely unloaded and safe to handle.

#### 2. Remove the Existing Spring:

- Disassemble the firearm according to the manufacturer's instructions.
- Carefully remove the existing buffer spring from the buffer tube.

#### 3. Install the New Spring:

- Insert the new M4 Carbine CS Reduced Power Spring into the buffer tube.
- Ensure the spring is seated properly and aligned with the buffer.

#### 4. Reassemble the Firearm:

- Follow the manufacturer's instructions to reassemble the firearm.
- Doublecheck that all parts are securely in place.

#### 5. Testing:

- Conduct a function check to ensure proper operation before live fire.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Usage Instructions**

- Use the M4 Carbine CS Reduced Power Spring as intended and in conjunction with compatible ammunition.
- Monitor the performance of the firearm during use, especially when using low power SRTA training or SIMS rounds.
- Regularly clean and maintain the firearm to ensure optimal performance and safety.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries related to safety, installation, or usage of the M4 Carbine CS Reduced Power Spring Kits, please refer to the manufacturer's contact information available on the packaging or product documentation.

Thank you for prioritizing safety while using the M4 Carbine CS Reduced Power Spring Kits. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
