

M4 CARBINE CS REDUCED POWER SPRING KITS - SPRINCO USA REDUCED POWER KIT BUFFER 4-COIL BOLT EXTRACTOR SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Reduced Power Buffer Spring. Sprinco collaborated with two prominent commercial ammunition manufacturers and two prominent gunsmiths to arrive at the design for the Yellow spring. It's approximately 20% lighter than the White spring, and was the consensus choice out of 4 different evaluation samples provided to all parties. They all added in their final evaluations that if a particular gun needed a lighter spring, that the gas port should be enlarged for overall reliability. The Yellow spring is also appropriate for with low power SRTA training or SIMS Rounds for training operations.

Attributes

- Name: [SPRINCO USA REDUCED POWER KIT BUFFER 4-COIL BOLT EXTRACTOR SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000043
- Mfr. No.: 25149
- Delivery weight: 0.077kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 337mm
- UPC: 657780251490

M4 Carbine CS Reduced Power Spring Kits Safety Instruction Guide

Introduction

Thank you for choosing the M4 Carbine CS Reduced Power Spring Kits by Sprinco USA. This guide provides important safety information and instructions for the proper use and handling of this product. Please read this guide carefully to ensure safe operation and maintenance.

General Safety Guidelines

- Ensure safe use of the M4 Carbine CS Reduced Power Spring Kits by following these guidelines:
 - Always use the product in accordance with the manufacturer's instructions.
 - Store the product in a secure location, away from children and unauthorized users.
 - Inspect the product regularly for any signs of wear or damage.
 - Do not modify or alter the product in any way that may compromise its safety.
 - Use appropriate protective gear when handling or installing the spring kits.

Specific Safety Precautions for Use

- When using the M4 Carbine CS Reduced Power Spring Kits, please observe the following precautions:
 - Only use with compatible firearms as specified by the manufacturer.
 - Ensure the firearm is unloaded before installation or maintenance of the spring kits.
 - Be aware of the potential for increased recoil with reduced power springs and adjust your handling accordingly.
 - If you experience any malfunctions or unusual behavior from your firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the M4 Carbine CS Reduced Power Spring Kits:
 1. **Preparation:**
 - Gather all necessary tools and ensure a clean workspace.
 - Ensure the firearm is unloaded and pointed in a safe direction.
 2. **Installation:**
 - Remove the existing buffer spring from the firearm according to the manufacturer's guidelines.
 - Install the reduced power buffer spring in place of the original spring, ensuring it is seated correctly.
 - Reassemble the firearm according to the manufacturer's instructions.
 3. **Testing:**
 - Conduct a function check to ensure the firearm operates correctly with the new spring.
 - Test fire in a safe environment to confirm proper functionality.
 4. **Maintenance:**
 - Regularly inspect the spring for wear and replace as necessary.
 - Clean the area around the spring to prevent debris buildup.

Disposal Instructions

- Dispose of the M4 Carbine CS Reduced Power Spring Kits responsibly:
 - Follow local regulations for the disposal of firearm components.
 - Do not dispose of the product in regular household waste.
 - Consider recycling options where available.

Contact Information for Further Support

- For safety inquiries or additional support, please refer to the manufacturer's contact information provided with your product. Always ensure you are seeking assistance from qualified professionals.

Conclusion

By following the safety instructions and guidelines outlined in this document, you can ensure safe and effective use of the M4 Carbine CS Reduced Power Spring Kits. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety practices.
