

M4 CARBINE CS REDUCED POWER SPRING KITS - SPRINCO USA M4 CARBINE REDUCED POWER BUFFER SPRING

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Reduced Power Buffer Spring. Sprinco collaborated with two prominent commercial ammunition manufacturers and two prominent gunsmiths to arrive at the design for the Yellow spring. It's approximately 20% lighter than the White spring, and was the consensus choice out of 4 different evaluation samples provided to all parties. They all added in their final evaluations that if a particular gun needed a lighter spring, that the gas port should be enlarged for overall reliability. The Yellow spring is also appropriate for with low power SRTA training or SIMS Rounds for training operations.

Attributes

- Name: [SPRINCO USA M4 CARBINE REDUCED POWER BUFFER SPRING](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000044
- Mfr. No.: 25113
- Delivery weight: 0.082kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 343mm

M4 Carbine CS Reduced Power Spring Kits Safety Instructions

Introduction

Thank you for choosing the M4 Carbine CS Reduced Power Spring Kits from Sprinco USA. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the firearm is unloaded before performing any maintenance or installation.
- Use only compatible firearms with the M4 Carbine CS Reduced Power Spring Kits.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the spring for signs of wear or damage. Replace if necessary.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls or safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to malfunction or injury.
- Using the spring with incompatible ammunition can affect performance.
- Failure to maintain the spring can result in decreased reliability.

- **Instructions for Avoiding Hazards:**

- Ensure the spring is installed correctly according to the provided instructions.
- Use only recommended ammunition types for optimal performance.
- Regularly clean and maintain the spring and firearm to ensure reliability.

- **Age or Audience Specific Warnings:**

- This product is intended for use by individuals over the age of 18 who are knowledgeable about firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe.
- Remove the existing buffer spring according to the manufacturer's instructions.
- Install the M4 Carbine Reduced Power Buffer Spring by following these steps:
 - Align the spring with the buffer tube.
 - Insert the spring into the buffer tube until it is fully seated.
 - Reassemble the firearm according to manufacturer specifications.

2. Usage:

- Test the firearm in a safe environment to ensure proper function after installation.

- Monitor the firearm's performance during use and be alert for any irregularities.
- If any issues arise, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components.
- Do not dispose of the spring in regular household waste.
- Check with local authorities for proper disposal methods or recycling options.

Contact Information for Further Support

For any inquiries regarding safety, installation, or performance issues, please consult your local dealer or authorized service center. It is recommended to keep a record of your purchase and any maintenance performed for future reference.

Thank you for prioritizing safety and compliance while using the M4 Carbine CS Reduced Power Spring Kits. Your responsible use contributes to a safer environment for all.
