

# AR .308 DUAL EXTRACTOR CS SPRING UPGRADE KITS - SPRINCO USA UPGRADE KIT-XP 5-COIL EXTRACTOR SPRING/INNER SPRING 3PK

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractor Springs](#)

Sprinco's Extractor Springs are made of chrome silicon wirestock that has been heat treated, stress relieved, and cryogenic processing post winding. The springs are also plated with re-micronized molybdenum disulfide formulation. ADVANTAGES: XP 5-Coil spring has a heavier spring load than OEM springs, thus negating the need for a D-Fender™ ring or adding CRANE Viton O-Rings. Use 5-Coil spring with either black extractor spring insert OR CRANE Viton O-Rings, but not both. Enhanced 4-Coil springs maintain an extended duty cycle load of a NEW Mil-Spec spring and is recommended for use in 18"+BBL lengths for those who retrieve their brass for reloading. While the XP 5-Coil spring is totally reliable for all 5.56 BBL lengths, it can be aggressive on case rims in 18"+length BBL rifles, and may be too strong for some bolts with extremely tight bolt face tolerances. Extreme duty cycles provided while maintaining performance specifications. Unaffected by heat up to 750°F. D-Fender™ rings are NOT recommended for use with our 5-Coil extractor springs. Dual spring XP .308 extractor spring sets may be used with or without CRANE O-rings. May be required for use in DPMS G2 Bolts for full-auto use. Plug & play - May easily be the only extractor springs needed for the life of your bolt!!

## Attributes

- Name: [SPRINCO USA UPGRADE KIT-XP 5-COIL EXTRACTOR SPRING/INNER SPRING 3PK](#)
- Manufacturer: [SPRINCO USA](#)
- Product no.: 943000056
- Mfr. No.: 26435
- Delivery weight: 0.005kg
- Shipping height: 51mm
- Shipping width: 3mm
- Shipping length: 64mm
- UPC: 657780264353

# Safety Instruction Guide for AR .308 Dual Extractor CS Spring Upgrade Kits

## Introduction

Thank you for purchasing the AR .308 Dual Extractor CS Spring Upgrade Kit from Sprinco USA. This guide provides important safety instructions and guidelines to ensure safe and effective use of the extractor springs. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the installation and usage instructions provided in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the extractor spring if it appears damaged or worn.
- Ensure that the extractor spring is compatible with your firearm model.
- Avoid using DFender™ rings with the 5Coil extractor springs, as it is not recommended.
- Use the 5Coil spring only with either a black extractor spring insert or CRANE Viton ORings, but not both.
- Be cautious when using the XP 5Coil spring in rifles with 18" or longer barrels, as it may be aggressive on case rims.
- Ensure that the bolt face tolerances are appropriate for the strength of the XP 5Coil spring.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe condition before beginning installation.
- Gather all necessary tools and components required for the installation.

### 2. Installation Steps:

- Remove the existing extractor spring from your firearm according to the manufacturer's instructions.
- Select the appropriate 5Coil or 4Coil spring based on your firearm's specifications and intended use.
- Install the new extractor spring by following these steps:
  - Insert the spring into the extractor mechanism.
  - Ensure that it is seated properly and securely.
  - If using CRANE Viton ORings, install them as per the manufacturer's recommendations.
- Reassemble the firearm and conduct a function check to ensure proper operation.

### 3. Usage:

- Regularly clean and maintain your firearm to ensure optimal performance of the extractor spring.
- Monitor the performance of the extractor spring during use and replace if any issues arise.

## **Disposal Instructions**

- Dispose of any used or damaged extractor springs in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR .308 Dual Extractor CS Spring Upgrade Kit, please refer to the manufacturer's website or contact your retailer for assistance.

Thank you for prioritizing safety and performance with your new extractor spring upgrade kit. Enjoy your enhanced shooting experience!
