# 1911 SHOKBUFF RECOIL KIT Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 SHOKBUFF RECOIL KIT by Wilson Combat. This recoil kit is designed to enhance the performance of your Government model firearm by reducing frame cracking and battering. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the recoil kit is compatible with your specific firearm model (Government model only).
- Regularly inspect the recoil kit components for wear and damage.
- Replace buffers every 1,000 rounds and the recoil spring every 2,000 rounds to maintain optimal performance.
- If the buffers are worn out, replace the spring as a reminder to ensure safety and functionality.
- Store the recoil kit in a safe and secure location, away from children and unauthorized users.

## Specific Safety Precautions for Use

- Use only the recommended components provided in the kit: steel spring and plastic buffers.
- Do not exceed the recommended usage limits of 1,000 rounds for buffers and 2,000 rounds for springs.
- Be aware of the signs of wear, such as cracks or deformities in the buffers and spring.
- Avoid using the recoil kit if any components are damaged or missing.
- Ensure that you are familiar with the operation of your firearm before installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation, if required.

### 2. Installation of the Recoil Kit:

- Remove the existing recoil spring and buffers from your firearm.
- Carefully install the new steel recoil spring into the designated area.
- Place the plastic buffers into their respective positions.
- Ensure that all components are securely fitted and that there are no obstructions.

### 3. PostInstallation Check:

- Conduct a thorough inspection to confirm that the recoil kit is properly installed.
- Test the functionality of the firearm in a safe environment before regular use.

### 4. Regular Maintenance:

- After every 1,000 rounds, check the condition of the buffers and replace them if necessary.
- After every 2,000 rounds, check the recoil spring and replace it to ensure continued safety and performance.

## **Disposal Instructions**

- Dispose of worn or damaged components in accordance with local regulations.
- Do not dispose of components in regular household waste. Consider recycling options if available.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the 1911 SHOKBUFF RECOIL KIT, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

Thank you for your attention to these safety instructions. By following the guidelines outlined in this document, you can ensure the safe use and longevity of your 1911 SHOKBUFF RECOIL KIT. Stay safe and responsible while enjoying your firearm.
