

# 1911 BEAVERTAIL GRIP SAFETY - WILSON COMBAT BLUE SAFETY

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

## Two Styles, Both With Competition Proven Design That Ends Hammer Bite

Wide grip safety spreads recoil out over a larger area of the hand for increased comfort. Standard Model beavertails feature a flared "tail" that quickly guides hand into position and totally eliminates hammer bite on the web between the thumb and finger. High Grip Model has an upswept "tail" that pushes the wrist into a straight position for faster sight pickup and recovery, and a raised pad for positive palm contact. Requires contouring frame and fitting to the trigger stirrup.

## Attributes

# 1911 Beavertail Grip Safety Wilson Combat Blue Safety Safety Instruction Guide

## Introduction

Thank you for choosing the 1911 Beavertail Grip Safety from Wilson Combat. This product is designed to enhance the comfort and safety of your firearm usage. Please read this safety instruction guide carefully to ensure safe handling and operation of the grip safety.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Ensure that the grip safety is properly installed and functioning before use.
- Do not modify the grip safety or any other part of your firearm without professional assistance.
- Store your firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear or damage.

## Specific Safety Precautions for Use

- Ensure that your hands are dry and clean before handling the firearm to prevent slippage.
- Always wear appropriate eye and ear protection when handling or firing your firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using the firearm.
- Do not attempt to use the firearm if you feel fatigued or under the influence of drugs or alcohol.
- If you experience any malfunctions or issues with the grip safety, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

1. **Preparation:** Before installation, ensure that the firearm is completely unloaded. Remove the magazine and check the chamber.
2. **Contouring the Frame:** The grip safety requires contouring of the frame for proper fit. This step may require professional assistance.
3. **Fitting to Trigger Stirrup:** After contouring, fit the grip safety to the trigger stirrup. Ensure that it moves freely and engages properly.
4. **Testing:** After installation, test the grip safety by gripping the firearm. The safety should engage and disengage smoothly without any obstruction.
5. **Regular Maintenance:** Periodically check the grip safety for proper function and wear. Clean and lubricate as necessary according to your firearm's maintenance guidelines.

## Disposal Instructions

- Dispose of the grip safety in accordance with local regulations for metal and plastic waste.
- If the grip safety is damaged or no longer usable, ensure it is disposed of in a way that prevents it from being used improperly.

## Contact Information for Further Support

For any questions or concerns regarding the 1911 Beavertail Grip Safety, please refer to the manufacturer's website or contact an authorized dealer for assistance.

Thank you for adhering to these safety guidelines. Your safety and the safety of others depend on responsible handling and use of your firearm.
