# N36 GLOVES BROWNELLS SIZE 11 Safety Instruction Guide

## Introduction

Thank you for choosing the N36 Gloves from Brownells. These mediumweight, black neoprene gloves are designed to provide protection while handling various substances, including oils, acids, greases, solvents, and caustics. This guide will provide you with essential safety instructions to ensure the safe use of these gloves in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the gloves are suitable for your intended use.
- Always inspect the gloves for any signs of damage or wear before use.
- Keep gloves away from open flames and high temperatures.
- Store gloves in a cool, dry place away from direct sunlight.
- Do not use gloves for purposes other than their intended use.
- If you experience any skin irritation while using the gloves, discontinue use immediately and consult a medical professional.

## Specific Safety Precautions for Use

- Avoid prolonged exposure to harsh chemicals without proper ventilation.
- Do not use gloves if you are allergic to neoprene or any other materials used in the gloves.
- Ensure that your hands are clean and dry before putting on the gloves.
- When handling hazardous materials, ensure that the gloves are intact and free from holes or tears.
- Do not use the gloves for electrical work as they do not provide electrical insulation.

## Instructions for Installation and Usage

### 1. Putting on the Gloves:

- Ensure your hands are clean and dry.
- Slip the gloves onto your hands, ensuring a snug fit without excessive tightness.
- Adjust the gloves to ensure that they fit comfortably and securely.

### 2. Using the Gloves:

- Use the gloves when handling oils, acids, greases, solvents, and caustics.
- If the gloves become contaminated, remove them immediately and wash your hands thoroughly.
- After use, inspect the gloves for any signs of damage.

### 3. Removing the Gloves:

- Carefully peel off the gloves from the wrist to the fingertips to avoid contact with any contaminants.
- Dispose of the gloves properly if they are singleuse or contaminated.

## Disposal Instructions

- Dispose of used gloves in accordance with local regulations regarding hazardous waste.
- If the gloves are reusable and have been cleaned, store them in a clean, dry place for future use.
- Do not dispose of gloves in regular household waste if they have been in contact with hazardous

materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the N36 Gloves or safety inquiries, please refer to the product packaging or visit the manufacturer's website for further assistance. Always ensure to check for recall updates and safety notices on the EU's Safety Gate platform.

By following these instructions and guidelines, you can ensure the safe and effective use of your N36 Gloves. Thank you for prioritizing safety!
