# N440 GLOVES SIZE 11 Safety Instruction Guide

## Introduction

Thank you for choosing the N440 GLOVES SIZE 11. These gloves are designed to provide protection against various oils, acids, caustics, greases, and solvents. This guide will help you understand how to use the gloves safely and effectively, ensuring your safety and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always inspect the gloves for any visible damage before use.
- Ensure that the gloves fit properly; they should be snug but not overly tight.
- Do not use the gloves for purposes other than those specified.
- Keep the gloves away from sharp objects to prevent punctures.
- Avoid prolonged exposure to extreme temperatures.
- Wash hands thoroughly after removing the gloves to prevent contamination.

## Specific Safety Precautions for Use

- The N440 gloves are designed for handling basic oils, acids, caustics, greases, and solvents. Always check the compatibility of the material with the substances you are handling.
- If you experience any skin irritation while using the gloves, discontinue use immediately and consult a medical professional.
- Do not use the gloves if they are wet or contaminated with hazardous substances.
- Avoid using the gloves in environments where there is a risk of entanglement or mechanical hazards.

## Instructions for Installation and Usage

### 1. Washing Hands:

#### Before putting on the gloves, ensure your hands are clean and dry.

### 2. Putting on the Gloves:

- Hold the glove at the wrist and gently pull it over your hand.
- Ensure that your fingers fit comfortably into each finger compartment.
- Adjust the glove to ensure a snug fit around the wrist.

### 3. Using the Gloves:

- Use the gloves to handle materials as intended.
- Avoid using excessive force that could damage the gloves.

### 4. Removing the Gloves:

- Grasp the wrist of one glove and pull it off, turning it inside out as you remove it.
- Hold the removed glove in your other hand.
- Insert a finger inside the wrist of the second glove and pull it off, ensuring the first glove remains inside the second.
- Dispose of the gloves according to local regulations.

### 5. Cleaning and Maintenance:

- Rinse the gloves with clean water after use to remove any contaminants.
- Store the gloves in a cool, dry place away from direct sunlight.

## Disposal Instructions

- Dispose of used gloves according to local waste management regulations.
- Do not incinerate the gloves unless specified by local regulations.
- If the gloves are contaminated with hazardous materials, follow your local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or safety inquiries regarding the N440 GLOVES SIZE 11, please consult the product packaging for the EUbased contact information or visit the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of the N440 GLOVES SIZE 11. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important safety guidelines.
