

GUIDE ROD & SPRINGS - WOLFF POLISHED GUIDE ROD KIT

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Spring Guide Rods](#)

Improves Performance; Prevents Spring Bind

Machined, full-length, stainless steel, guide rod replaces the factory, plastic part for smooth, dependable cycling. Use with the included, 11 lb., standard-weight, recoil spring, or the factory-original, dual, recoil springs. Included, firing pin return spring provides 20 - 25% extra power to quickly and positively return the firing pin to battery after ignition.

Safety Instruction Guide for GUIDE ROD & SPRINGS WOLFF POLISHED GUIDE ROD KIT

Introduction

Thank you for choosing the GUIDE ROD & SPRINGS WOLFF POLISHED GUIDE ROD KIT. This product is designed to improve the performance of your Colt Mustang and Pony .380 ACP by providing a reliable and durable guide rod system. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the guide rod and springs for any signs of wear or damage before each use.
- Store the product in a safe, dry place away from children and unauthorized users.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Report any unsafe conditions or product-related incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only the included 11 lb. recoil spring or factory original dual recoil springs with the guide rod.
- Ensure that the firearm is unloaded before installing or replacing any components.
- Avoid using excessive force when installing the guide rod and springs.
- Be cautious of the firing pin return spring; it is designed to provide extra power and may cause unexpected movement.
- Keep hands and face clear of the spring mechanism during installation and use to avoid injury.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and safe to work on.
- Gather all necessary tools and materials, including the guide rod kit components.

2. Installation Steps

- Remove the factory plastic guide rod from the firearm.
- Insert the new stainless steel guide rod into the guide rod channel of the firearm.
- Attach the included 11 lb. recoil spring to the guide rod, ensuring it is seated properly.
- If using the factory original dual recoil springs, follow the manufacturer's guidelines for installation.
- Install the firing pin return spring, ensuring it is securely in place for optimal performance.

3. Usage Guidelines

- After installation, conduct a function check to ensure that the firearm operates correctly with the new components.
- Regularly clean and maintain the guide rod and springs to ensure reliable performance.
- Monitor the performance of the firearm during use, and be alert for any signs of malfunction.

Disposal Instructions

- Dispose of any old or damaged parts in accordance with local regulations for hazardous waste.
- Do not dispose of firearms or firearm components in regular household waste. Contact local authorities

for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the GUIDE ROD & SPRINGS WOLFF POLISHED GUIDE ROD KIT, please consult the manufacturer's website or customer service for assistance. It is important to have access to safety resources and support as needed.

Conclusion

By following these safety instructions, you can ensure the safe use of the GUIDE ROD & SPRINGS WOLFF POLISHED GUIDE ROD KIT. Always prioritize safety and compliance with local laws when handling firearms and their components. Thank you for your attention to these important guidelines.
