Safety Instruction Guide for EXTRA POWER BASE PIN SPRINGS WOLFF

Introduction

Thank you for choosing the EXTRA POWER BASE PIN SPRINGS by WOLFF. These springs are designed to replace the factory spring in Ruger firearms, providing enhanced performance and safety. This guide provides essential safety instructions to ensure the proper use and installation of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only in Ruger firearms specified in the product description.
- Always follow the manufacturer's instructions for your firearm to ensure safe operation.
- Regularly inspect the springs for any signs of wear or damage before use.
- Store the springs in a cool, dry place, away from direct sunlight and moisture.
- Keep the product out of reach of children and unauthorized users.
- If you experience any issues during installation or use, cease use immediately and seek assistance.

Specific Safety Precautions for Use

- Use only the specified Ruger models: Single Six, Blackhawk, Super Blackhawk, Super Blackhawk Hunter, Maximum Blackhawk, Bisley, and Vaquero.
- Ensure that the firearm is unloaded before attempting to install or replace the base pin springs.
- Avoid using excessive force when installing the springs to prevent damage to the firearm or the springs themselves.
- Do not modify the springs or use them in any application other than intended.
- If you notice any malfunction or abnormal operation after installation, discontinue use and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools, including a screwdriver and any specific tools recommended by the firearm manufacturer.

2. Installation Steps:

- Remove the factory base pin spring from the firearm according to the manufacturer's instructions.
- Carefully insert the EXTRA POWER BASE PIN SPRING into the designated area, ensuring proper alignment.
- Use a screwdriver to secure the spring in place, following the manufacturer's torque specifications.
- Doublecheck that the spring is properly installed and that the cylinder pin latches securely.

3. PostInstallation Check:

- After installation, perform a function check on the firearm to ensure that everything operates smoothly.
- Test the cylinder pin latching mechanism to confirm that it engages and disengages properly.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the springs in regular household waste. Instead, take them to a designated recycling center or hazardous waste facility if applicable.

Contact Information for Further Support

For safety inquiries or assistance regarding the EXTRA POWER BASE PIN SPRINGS, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the EXTRA POWER BASE PIN SPRINGS. Always prioritize safety and consult professionals when in doubt. Thank you for your commitment to responsible firearm ownership.
