

REDUCED POWER TRIGGER SPRINGS - WOLFF 300Z. RUGER® SA TRIGGER RETURN SPRING

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Trigger Springs](#)

For A Smooth Action Fast Follow-Up Shots, Helps Improve Accuracy

Give your New Vaquero®, 50th Anniversary Blackhawk®, or other Ruger single-action revolver, a lighter cocking pull and ultra-smooth trigger with these easy-to-install, high-grade replacements for the factory springs. No time-consuming honing, filing, and other reworking of parts. These precision action springs are carefully manufactured for easy fitting to your revolver with only minor disassembly. Choice of two levels of reduced let-off force for smoother trigger pulls, greater accuracy, and faster shooting times. Great for cowboy competition.

Safety Instruction Guide for Reduced Power Trigger Springs WOLFF 300Z. RUGER® SA TRIGGER RETURN SPRING

Introduction

Thank you for choosing the Reduced Power Trigger Springs by WOLFF for your Ruger singleaction revolver. This guide provides essential safety instructions to ensure the safe and effective use of your new trigger springs. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that all safety measures are followed when handling and installing the trigger springs.
- Always treat firearms with respect and caution, following all local laws and regulations.
- Store the trigger springs in a safe place, out of reach of children and unauthorized users.
- Inspect the product for any damage before installation. Do not use damaged parts.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the Reduced Power Trigger Springs with compatible Ruger models: New Vaquero®, 50th Anniversary Blackhawk®, Single Six, Blackhawk, Super Blackhawk, Super Blackhawk Hunter, Maximum Blackhawk, Bisley, and New Vaquero with XR3 grip frame.
- Ensure that the revolver is unloaded before beginning any installation or maintenance work.
- Wear appropriate safety gear, including safety glasses, to protect against any potential hazards during installation.
- Avoid working in a cluttered or distracting environment to maintain focus and ensure safety.
- Do not modify the trigger springs or any other components of the revolver beyond the manufacturer's specifications.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools, including a screwdriver and any other tools specified in your revolver's manual.
- Ensure you are working in a clean, welllit area.

2. Disassembly:

- Unload the revolver completely.
- Remove the grip frame to access the factory trigger return spring.
- Follow the manufacturer's guidelines for disassembly to avoid damaging any parts.

3. Installation of Trigger Springs:

- Carefully remove the factory trigger return spring.
- Install the Reduced Power Trigger Springs by aligning them properly in the designated area.
- Ensure a snug fit without forcing the springs into place.

4. Reassembly:

- Reattach the grip frame securely.
- Doublecheck that all components are correctly installed and tightened.

5. Testing:

- Before using the revolver, perform a function check to ensure that the trigger operates smoothly and safely.
- Test the trigger pull to confirm the desired reduced force is achieved.

6. Usage:

- When using your revolver, maintain proper shooting posture and follow all safety protocols.
- Regularly inspect the trigger mechanism for any signs of wear or damage.

Disposal Instructions

- Dispose of any old or unused springs and parts in accordance with local regulations.
- Do not throw away springs in regular household waste; instead, check for recycling options or hazardous waste disposal guidelines in your area.

Contact Information for Further Support

For any questions or concerns regarding the Reduced Power Trigger Springs or their installation, please consult the manufacturer's customer service or your local firearms expert.

By adhering to these safety instructions, you ensure not only your safety but also the proper functioning of your Ruger singleaction revolver. Thank you for your attention to these important details. Enjoy your enhanced shooting experience!
