

1911 CHROME SILICON RECOIL SPRING - WOLFF FACTORY STD. 16 LB. CS RECOIL SPRING

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Resists Taking A Set; Choice Of Three Weights To Match Your Gun

Chrome silicon steel recoil spring resists taking a set even after thousands of compression cycles for improved performance and reliability. Available in three power ratings, so you can match spring weight to your specific gun and the type of load you shoot. Use Reduced Power 14 lb. spring for target loads with lighter than standard bullets or powder charges, Factory Standard 16 lb. spring for all-around reliability with the widest range of ammo, and Extra Power 18½ lb. spring for smoother cycling and less slide battering with heavy loads. The 14# and 18 1/2# springs comes with an extra power firing pin spring to ensure positive ignition and an extra margin of safety in preventing accidental discharges.

Attributes

- Name: [WOLFF FACTORY STD. 16 LB. CS RECOIL SPRING](#)
- Manufacturer: [WOLFF](#)
- Product no.: 969000190
- Mfr. No.: 52716
- Model: Government
- Pounds: 16 lbs
- Weapon type: 1911
- Delivery weight: 0.005kg
- Shipping height: 13mm
- Shipping width: 74mm
- Shipping length: 203mm

Safety Instruction Guide for 1911 Chrome Silicon Recoil Spring

Introduction

Thank you for choosing the 1911 Chrome Silicon Recoil Spring by Wolff. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before installation and usage.

General Safety Guidelines

- Ensure that the recoil spring is compatible with your specific firearm model.
- Always handle firearms with care and follow all safety protocols.
- Keep the recoil spring and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the recoil spring for any signs of wear or damage before use.
- Do not exceed the recommended load specifications for your firearm.

Specific Safety Precautions for Use

- Use the appropriate recoil spring weight for your specific ammunition type:
 - Use the Reduced Power 14 lb. spring for lighter target loads.
 - Use the Factory Standard 16 lb. spring for general use and reliability.
 - Use the Extra Power 18½ lb. spring for heavy loads to reduce slide battering.
- Ensure that the firearm is unloaded before installing or replacing the recoil spring.
- Avoid using damaged or worn recoil springs, as they may lead to malfunction or unsafe conditions.
- Always wear appropriate eye protection when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools, including a punch tool and a bench block.

2. Installation:

- Remove the slide from the frame of the firearm.
- Locate the recoil spring guide rod and carefully remove the old recoil spring.
- Install the new recoil spring by sliding it onto the guide rod.
- Ensure the spring is seated properly and is aligned with the guide rod.
- Reassemble the slide onto the frame of the firearm.

3. Testing:

- After installation, perform a function check to ensure proper cycling.
- Load a few rounds of the appropriate ammunition and test fire in a safe environment.

4. Maintenance:

- Regularly clean and lubricate the recoil spring and surrounding components.
- Inspect the recoil spring after every few hundred rounds for signs of wear.

Disposal Instructions

- Dispose of old or damaged recoil springs in accordance with local regulations.
- Do not dispose of springs in regular household waste. Check for local recycling programs that accept metal components.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Chrome Silicon Recoil Spring, please refer to the manufacturer's contact information provided on the product packaging or official website.

Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure the safe and effective use of the 1911 Chrome Silicon Recoil Spring. Always prioritize safety and proper maintenance for optimal performance. Thank you for choosing Wolff products.
