

1911 CHROME SILICON RECOIL SPRING - WOLFF EXTRA POWER 18-1/2 LB. CS RECOIL SPRING

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Resists Taking A Set; Choice Of Three Weights To Match Your Gun

Chrome silicon steel recoil spring resists taking a set even after thousands of compression cycles for improved performance and reliability. Available in three power ratings, so you can match spring weight to your specific gun and the type of load you shoot. Use Reduced Power 14 lb. spring for target loads with lighter than standard bullets or powder charges, Factory Standard 16 lb. spring for all-around reliability with the widest range of ammo, and Extra Power 18½ lb. spring for smoother cycling and less slide battering with heavy loads. The 14# and 18 1/2# springs comes with an extra power firing pin spring to ensure positive ignition and an extra margin of safety in preventing accidental discharges.

Attributes

- Name: [WOLFF EXTRA POWER 18-1/2 LB. CS RECOIL SPRING](#)
- Manufacturer: [WOLFF](#)
- Product no.: 969000191
- Mfr. No.: 52718
- Model: Government
- Pounds: 18.5 lbs

Safety Instruction Guide for 1911 Chrome Silicon Recoil Spring

Introduction

Thank you for choosing the 1911 Chrome Silicon Recoil Spring by Wolff. This recoil spring is designed to enhance the performance and reliability of your firearm. To ensure safe usage and optimal performance, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat your firearm and its components as if they are loaded.
- Keep firearms secured and out of reach of children and unauthorized users.
- Use only the recommended spring weight for your specific firearm and ammunition type.
- Regularly inspect your recoil spring for signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and maintenance.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or replacing the recoil spring.
- Wear safety glasses when handling and working on firearms.
- Handle the recoil spring with care to avoid injury from sharp edges.
- Use appropriate tools for installation to prevent damage to the spring or firearm.
- If you experience any malfunctions or unusual behavior during use, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a punch tool and a bench vise if needed.

2. Installation Steps

- Remove the slide from the frame of the firearm according to the manufacturer's instructions.
- Carefully remove the old recoil spring and guide rod.
- Inspect the guide rod for any damage; replace if necessary.
- Install the new 1911 Chrome Silicon Recoil Spring by following these steps:
 - Place the new spring onto the guide rod.
 - Ensure that the spring is seated properly and aligned with the guide rod.
 - Reassemble the slide onto the frame, ensuring that all components are correctly aligned.
 - Test the action of the slide to ensure smooth operation.

3. Usage Tips

- Use the appropriate ammunition type for your chosen spring weight:
 - Use Reduced Power 14 lb. spring for target loads with lighter bullets.
 - Use Factory Standard 16 lb. spring for allaround reliability.
 - Use Extra Power 18½ lb. spring for heavy loads and smoother cycling.
- Regularly clean and maintain your firearm to ensure optimal performance.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations for metal waste.
- Do not dispose of the recoil spring in regular household waste.
- If you are unsure about disposal methods, consult your local waste management authority for guidance.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the 1911 Chrome Silicon Recoil Spring, please refer to the manufacturer's contact information found on the packaging or the official website.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure safe and effective use of your recoil spring, enhancing your shooting experience.
