# WALTHER PPK/PPKS Recoil Calibration Pak Safety Instruction Guide

## Introduction

Thank you for purchasing the WALTHER PPK/PPKS Recoil Calibration Pak by WOLFF. This product is designed to enhance the performance of your 9mm (.380) pistol by providing a variety of reduced power recoil springs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all safety measures are followed during the use of this product.
- Always handle firearms and accessories with care and respect.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the recoil springs and firing pin springs for wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before use, ensure that the firearm is unloaded and pointed in a safe direction.
- Do not exceed the recommended spring weights for your specific firearm model.
- Always wear appropriate eye and ear protection when using firearms.
- Follow the manufacturer's guidelines for installation and usage of recoil springs.
- If you experience any malfunctions or unusual behavior during use, stop using the product immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather necessary tools for installation, such as a punch tool and a bench vise.

#### 2. Removing the Old Recoil Spring:

- Carefully disassemble your firearm according to the manufacturer's instructions.
- Remove the old recoil spring from the slide.

#### 3. Installing the New Recoil Spring:

- Select the appropriate reduced power recoil spring (14 lb., 15 lb., 16 lb., or 17 lb.) based on your handload specifications.
- Insert the new recoil spring into the slide, ensuring it is seated correctly.

#### 4. Reassembly:

- Reassemble your firearm according to the manufacturer's instructions.
- Ensure all parts are securely in place before proceeding.

## Usage

- After installation, conduct a function check to ensure proper operation.
- Test the firearm in a safe and controlled environment.
- Monitor the performance of the new recoil spring during use and make adjustments as necessary.

## Disposal Instructions

- Dispose of old recoil springs and any packaging materials responsibly.
- Follow local regulations for the disposal of firearms accessories.
- Do not dispose of springs in regular household waste; consider recycling options if available.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's website or contact your local dealer for assistance. Ensure you have the product details available when seeking support.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure safe and effective use of the WALTHER PPK/PPKS Recoil Calibration Pak. Enjoy your enhanced shooting experience!
