# **Safety Instruction Guide for NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 14 LB.**

## **Introduction**

Thank you for choosing the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 14 LB. This product is designed to enhance your shooting experience with improved cocking ease. To ensure your safety and the proper use of this product, please read and follow the guidelines outlined in this manual.

## **General Safety Guidelines**

- Always ensure that the firearm is unloaded before installing or replacing any parts.
- Keep the product out of reach of children and unauthorized users.
- Use the product only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the product for signs of wear or damage.
- In case of any malfunction, discontinue use immediately and consult a qualified gunsmith.
- Report any unsafe product incidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Ensure that you are using the correct weight spring for your firearm model to avoid performance issues.
- Wear appropriate safety gear, including eye protection, while handling firearms.
- When testing the firearm with the new spring, do so in a safe and controlled environment.
- Be cautious of the potential for accidental discharge during installation and testing.
- Do not modify the spring or any related components beyond the manufacturer's specifications.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver and a cleaning cloth.

### **2. Removing the Old Spring:**

- Open the firearm and remove the cylinder.
- Locate the hammer spring assembly and carefully detach it from the grip frame.
- Remove the old hammer spring, taking care to note its orientation.

### **3. Installing the New Spring:**

- Take the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRING and compare it to the old spring to confirm compatibility.
- Insert the new spring into the hammer spring assembly, ensuring it is positioned correctly.
- Reattach the hammer spring assembly to the grip frame, ensuring all components are secure.

### **4. Testing:**

- With the firearm still unloaded, perform a function check to ensure proper operation.
- Test the cocking mechanism to ensure smooth operation with the new spring.
- If the spring feels too light or heavy, consider trying different weights available in the Pak.

## **5. Final Steps:**

- Reassemble the firearm and perform a final safety check.
- Store the firearm in a safe and secure location.

## **Disposal Instructions**

- Dispose of any old springs and packaging materials responsibly.
- Follow local regulations for the disposal of metal and plastic materials.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 14 LB., please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website for additional resources.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 14 LB. Thank you for your attention to safety and responsible firearm handling.
