# **Safety Instruction Guide for NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 15 LB.**

## **Introduction**

Thank you for choosing the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 15 LB. This product is designed for enhanced performance in your firearm. To ensure safe and effective use, please follow the safety guidelines and instructions outlined in this guide.

## **General Safety Guidelines**

- Always ensure that your firearm is unloaded before installing or handling the hammer spring.
- Use only the specified hammer springs for your firearm model to avoid malfunctions or safety hazards.
- Store the springs in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the springs for wear or damage before use.
- If you experience any issues with your firearm after installation, cease use immediately and consult a qualified gunsmith.

## **Specific Safety Precautions for Use**

- Ensure that the firearm is pointed in a safe direction at all times during installation and testing.
- Wear safety glasses to protect your eyes from potential debris during installation.
- Do not attempt to modify the hammer spring or any other components of the firearm unless you are a qualified professional.
- Keep fingers and other body parts clear of the action when testing the firearm after installation.
- Be aware that lighter hammer springs may affect the reliability of ignition with certain ammunition types.

## **Instructions for Installation and Usage**

### **1. Preparation**

- Ensure the firearm is unloaded and safe to handle.
- Gather necessary tools, including a screwdriver and any other required items for your specific model.

### **2. Installation Steps**

- Remove the grip panel of the firearm to access the hammer spring assembly.
- Carefully remove the existing hammer spring by following the manufacturer's instructions.
- Install the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRING by reversing the removal process.
- Ensure that the spring is seated correctly and securely in place.

### **3. Testing**

- Reattach the grip panel securely.
- Conduct a function check to ensure the firearm operates correctly.
- Test the firearm in a safe environment, ensuring that it is aimed in a safe direction.

### **4. Adjustments**

- If necessary, experiment with the different weight springs (14 lb, 15 lb, and 16 lb) to find the optimal weight for your firearm's performance.

## **Disposal Instructions**

- Dispose of any old or unused hammer springs in accordance with local regulations.
- Do not throw the springs in regular household waste; check for recycling options or designated disposal sites.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 15 LB., please consult your local firearms dealer or manufacturer's representative for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your NEW VAQUERO®/BLACKHAWK® REDUCED POWER HAMMER SPRINGS 15 LB. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important safety measures.
