

# GOVERNMENT MODEL VARIABLE POWER RECOIL SPRING - WOLFF VARIABLE RECOIL CALIBRATION PAK FOR GOVT. MODEL

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. Recoil Calibration Pak contains 1 each of seven different springs; 16½ lb., 15 lb., 14 lb., 13 lb., 11 lb., 10 lb. and 9 lb., plus three extra power firing pin springs. Individual Spring Pak contains one variable power recoil spring and one extra power - firing pin spring. Factory weight is 16 lb.

Wolff Variable Recoil Calibration Pak for Govt. Model

# Safety Instruction Guide for Wolff Variable Recoil Calibration Pak for Govt. Model

## Introduction

Thank you for choosing the Wolff Variable Recoil Calibration Pak for your Government Model firearm. This product is designed to enhance the performance and reliability of your firearm. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety, installation, usage, and disposal.

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before installation or maintenance.
- Use only compatible parts and accessories with your firearm.
- Store this product out of reach of children and unauthorized users.
- Do not modify the recoil spring or any other components of your firearm.
- Regularly inspect the recoil spring for wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the Wolff Variable Recoil Calibration Pak with the specified Government Model firearm.
- Follow the manufacturer's instructions for installation and use.
- Ensure that all safety mechanisms of the firearm are functioning properly before use.
- Be aware of your surroundings and ensure a safe shooting environment.
- Wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Do not exceed the recommended load specifications for your firearm.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, including a punch and hammer.

### 2. Installation:

- Remove the existing recoil spring from the firearm according to the manufacturer's guidelines.
- Carefully install the Wolff Variable Recoil Spring by following these steps:
  - Align the spring with the recoil spring guide.
  - Insert the spring into the guide and ensure it is seated properly.
  - Replace any retaining pins or components as necessary.
- Doublecheck that all components are secure before proceeding.

### 3. Usage:

- After installation, test the firearm in a safe and controlled environment.
- Monitor the performance of the firearm and make adjustments as necessary.
- Regularly clean and maintain the recoil spring to ensure optimal performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding the disposal of firearm components.
- Do not dispose of the recoil spring in regular household waste.
- If you are unsure about disposal methods, contact your local waste management facility for guidance.

## Contact Information for Further Support

For any inquiries regarding the Wolff Variable Recoil Calibration Pak, please refer to the manufacturer's contact information provided with your product packaging. It is essential to have access to support for any questions or concerns that may arise during use.

By following these safety instructions, you can ensure the safe and effective use of the Wolff Variable Recoil Calibration Pak for your Government Model firearm. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
