# SIG SAUER RECOIL CALIBRATION PAK WOLFF P225/228/229 SPRING PAK Safety Instructions

## Introduction

Thank you for choosing the SIG SAUER RECOIL CALIBRATION PAK WOLFF P225/228/229 SPRING PAK. This product is designed to enhance the performance of your firearm. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and its components before using this product.
- Always handle firearms with care, treating every firearm as if it is loaded.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Use personal protective equipment (PPE), such as eye and ear protection, when handling or shooting firearms.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the recoil springs specified for your firearm model (P225, P228, P229).
- Ensure that the correct poundage recoil spring is installed according to your shooting needs.
- Do not exceed the recommended spring weight, as this could lead to firearm malfunction or damage.
- Be aware that modifications to your firearm may void warranties or lead to safety issues.
- Always follow the manufacturer's instructions when installing and using the recoil springs.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a small hammer if required.

### 2. Installation:

- Remove the slide from the frame of your firearm following the manufacturer's guidelines.
- Carefully remove the old recoil spring from the guide rod.
- Select the appropriate recoil spring from the Spring Pak (17 lb., 19 lb., or 21 lb.).
- Install the new recoil spring onto the guide rod, ensuring it is properly seated.
- Reassemble the slide onto the frame of your firearm.

### 3. Testing:

- After installation, perform a function check to ensure that the firearm operates correctly.
- Test fire the firearm in a safe and controlled environment to confirm proper operation of the new recoil spring.

## **Disposal Instructions**

- Dispose of any old springs and packaging materials in accordance with local regulations.
- Do not dispose of springs in a manner that could pose a hazard to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the use and safety of the SIG SAUER RECOIL CALIBRATION PAK WOLFF P225/228/229 SPRING PAK, please contact the manufacturer or your local dealer for assistance. Always ensure you have access to proper support for your product.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your SIG SAUER RECOIL CALIBRATION PAK. Thank you for your attention to safety.
