# Safety Instructions for COIL SPRING COMBINATION KIT KIT #1610A WOLFF

## Introduction

Thank you for choosing the COIL SPRING COMBINATION KIT KIT #1610A by WOLFF. This product is designed to provide a versatile selection of coil springs for various applications. To ensure safe and effective usage, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's recommendations.
- Always inspect the springs before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the springs.
- Avoid using springs that show signs of deformation, rust, or other damage.
- Do not exceed the recommended load limits for the springs, as this can lead to failure and potential injury.
- Ensure that the springs are installed securely and correctly to avoid accidents during operation.
- Keep the working area clean and free of hazards to prevent slips and falls.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment before starting the installation.
- Review the specific spring design you intend to use and ensure it is suitable for your application.

### 2. Installation Steps:

- Select the appropriate spring from the kit based on the specifications required for your project.
- Ensure that the installation surface is clean and free of debris.
- Follow the specific installation instructions for your application, ensuring that the spring is secured properly.

### 3. Usage Instructions:

- After installation, test the springs under controlled conditions to ensure they function as expected.
- Monitor the springs regularly for any signs of wear or failure.
- If any issues are detected, cease use immediately and inspect the springs.

## Disposal Instructions

- Dispose of any damaged or unused springs in accordance with local regulations.
- Do not dispose of springs in regular household waste. Check for recycling options in your area.
