Safety Instruction Guide for TAURUS 73, 85, & 605 SHOOTERS PAK

Introduction

Thank you for choosing the TAURUS 73, 85, & 605 SHOOTERS PAK by WOLFF. This product is designed to enhance the performance of your smallframed Taurus revolvers. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you understand the product and its components before use.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the product and any associated tools out of reach of children and unauthorized users.
- Regularly check for product recalls and updates on safety information.
- Report any unsafe products or accidents to the relevant authorities.
- Use the Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- Always wear safety glasses when working with firearms.
- Ensure the firearm is unloaded before installing or removing components.
- Do not modify any part of the firearm or the product beyond the specified instructions.
- If you are unsure about the installation or usage of the product, consult a qualified gunsmith.
- Avoid using the product in adverse weather conditions that may affect performance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components from the TAURUS SHOOTERS PAK.
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation Steps

- Remove the existing trigger spring and hammer spring from your Taurus model.
- Install the 6 1/2 lb reduced power trigger spring:
 - Carefully insert the new spring into the trigger assembly.
- Install the 9 lb reduced power trigger spring:
 - Follow the same procedure as above for the second spring.
- Install the 9 lb reduced power hammer spring:
 - Place the hammer spring in its designated position in the hammer assembly.
- Ensure all springs are seated properly and securely.

3. PostInstallation Checks

- After installation, perform a function check:
 - Ensure the trigger operates smoothly.
 - Confirm that the hammer falls correctly when the trigger is pulled.
- If any issues arise, consult a qualified gunsmith for assistance.

4. Testing

- Conduct a test fire in a safe and controlled environment.
- Observe the firearm's performance and make adjustments if necessary.

Disposal Instructions

- Dispose of any old springs or components in accordance with local waste disposal regulations.
- Do not discard in regular trash if local laws require specific disposal methods for firearm components.

Contact Information for Further Support

For any inquiries regarding this product or safety concerns, please refer to the manufacturer's contact information provided in the packaging or visit their official website for assistance.

Thank you for prioritizing safety while using the TAURUS 73, 85, & 605 SHOOTERS PAK. Enjoy your enhanced shooting experience responsibly!
