

1911 SEAR SPRING - WOLFF 1911 SEAR SPRING, SINGLE

[Handgun Parts](#) > [Trigger Group Parts](#) > [Sear Parts](#) > [Sear Springs](#)

Adds Reliability & Consistency To Trigger Jobs

Wolff's renowned quality standards ensure uniform thickness throughout the entire spring for consistent tension on both the sear and disconnecter. Correctly tempered so it won't take a set when left "cocked and locked".

Safety Instruction Guide for 1911 SEAR SPRING WOLFF

Introduction

Thank you for choosing the Wolff 1911 Sear Spring. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read and follow these guidelines carefully to avoid any risks associated with its use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and their components with care, following all safety procedures.
- Store the product in a safe and secure location away from children and unauthorized users.
- Regularly check for product recalls or safety updates on the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the Wolff 1911 Sear Spring with compatible 1911 models: Government, Commander, and Officers.
- Do not modify the spring or use it in any manner not specified by the manufacturer.
- Ensure that the firearm is unloaded before installation or maintenance.
- Wear appropriate safety gear, such as safety glasses, when handling firearms.
- If you are inexperienced with firearm maintenance, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure you have the necessary tools for installation, including a punch tool and hammer.
- Work in a clean and welllit area.

2. Installation Steps

- Make sure the firearm is completely unloaded and safe to handle.
- Remove the grip panels to access the sear and disconnecter.
- Using the punch tool, carefully drive out the old sear spring if applicable.
- Align the new Wolff Sear Spring in its designated position.
- Gently tap it into place using the hammer and punch tool, ensuring it is secure.
- Reassemble the firearm by replacing the grip panels.

3. PostInstallation Checks

- Conduct a function test to ensure the firearm operates correctly.
- Doublecheck that the spring is properly seated and that there are no loose components.

Disposal Instructions

- Dispose of any old or damaged springs in accordance with local regulations.
- Do not dispose of springs in regular household waste; check for recycling options in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the Wolff 1911 Sear Spring, please consult the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can help ensure a safe and effective experience with your Wolff 1911 Sear Spring. Thank you for your attention to safety!
