

TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS - 10 LB. SPRING

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Fine Tune For Light, Standard Or Heavy Loads

Like all Wolff springs, these for the 1911 Auto in .45, .38 Super or 9mm are the finest, most reliable, longest lasting ones available. The springs of choice for most of the nation's top builders. Except where noted, all recoil springs are supplied with an extra power firing pin spring that keeps the firing pin stop in place and prevents firing pin float ; an addition recommended by pistolsmith Bill Wilson. TYPE A - For Target (Softball) Loads were originally recommended to us by Major F. B. Conway, U.S.A. - M.T.U. Whenever lighter than standard bullets or powder charges are being used, a lighter recoil spring is a must for correct functioning; however, they **MUST NOT BE USED WITH STANDARD (HARDBALL) LOADS**. The 10 lb. Type A spring is the old favorite (for reduced loads) and for that reason we also make it available as a single item (without the extra power firing pin spring).

Attributes

TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 10 LB. SPRING Safety Instruction Guide

Introduction

Thank you for choosing the TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 10 LB. SPRING. This product is designed for use with the 1911 Auto in .45, .38 Super, or 9mm. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the recoil spring.

General Safety Guidelines

- Ensure safe handling and usage of all nonfood products.
- Be aware of risks not covered by other laws.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for recalls or safety updates related to this product.
- Report any unsafe product experiences to the appropriate authorities.

Specific Safety Precautions for Use

- Use only with lighter than standard bullets or powder charges.
- Do not use with standard (hardball) loads.
- Ensure that the recoil spring is properly installed to avoid malfunction.
- Regularly inspect the spring for wear or damage before use.
- If you experience any malfunctions, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Disassemble the firearm according to the manufacturer's instructions.
- Remove the existing recoil spring and replace it with the TYPE A recoil spring.
- Ensure the spring is seated properly in its designated location.
- Reassemble the firearm following the manufacturer's guidelines.

2. Usage:

- Only use the TYPE A recoil spring with appropriate light loads as specified.
- Monitor the firearm's performance during use; if you notice any irregularities, stop using the product immediately.
- Clean the recoil spring regularly to maintain optimal performance.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations.
- Do not dispose of the recoil spring in regular household waste.
- Consider recycling options if available.

Contact Information for Further Support

- For any safety inquiries or support regarding this product, please reach out to the appropriate local authorities or consult a qualified gunsmith.

By adhering to these guidelines, you can ensure a safe and effective experience with the TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 10 LB. SPRING. Always prioritize safety and proper handling practices.
