

TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS - 14 LB. SPRING

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Fine Tune For Light, Standard Or Heavy Loads

Like all Wolff springs, these for the 1911 Auto in .45, .38 Super or 9mm are the finest, most reliable, longest lasting ones available. The springs of choice for most of the nation's top builders. Except where noted, all recoil springs are supplied with an extra power firing pin spring that keeps the firing pin stop in place and prevents firing pin float ; an addition recommended by pistolsmith Bill Wilson. TYPE A - For Target (Softball) Loads were originally recommended to us by Major F. B. Conway, U.S.A. - M.T.U. Whenever lighter than standard bullets or powder charges are being used, a lighter recoil spring is a must for correct functioning; however, they **MUST NOT BE USED WITH STANDARD (HARDBALL) LOADS**. The 10 lb. Type A spring is the old favorite (for reduced loads) and for that reason we also make it available as a single item (without the extra power firing pin spring).

Attributes

- Name: [14 LB. SPRING](#)
- Manufacturer: [WOLFF](#)
- Product no.: 969419140
- Mfr. No.: 41914
- Make: 1911
- Model: Government
- Pounds: 14 lbs
- Delivery weight: 0.018kg
- Shipping height: 10mm
- Shipping width: 86mm
- Shipping length: 221mm

Safety Instruction Guide for TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 14 LB. SPRING

Introduction

Thank you for choosing the TYPE A Recoil Spring for Target (Softball) Loads. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure your safe experience with this product. Please read this guide thoroughly before using the recoil spring.

General Safety Guidelines

- Ensure that the recoil spring is compatible with your firearm model (1911 Auto in .45, .38 Super, or 9mm).
- Always handle firearms and their components with care, following all safety protocols.
- Store the recoil spring in a cool, dry place away from direct sunlight and moisture.
- Always wear appropriate eye and ear protection when using firearms.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- This recoil spring is designed specifically for target (softball) loads. It must not be used with standard (hardball) loads.
- Use the recoil spring only with lighter than standard bullets or powder charges to ensure proper functioning.
- Do not exceed the recommended load specifications, as this may cause malfunction or damage to the firearm.
- Ensure that the extra power firing pin spring is installed correctly to prevent firing pin float.
- Keep the recoil spring out of reach of children and unauthorized users.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation.

2. Installation:

- Remove the existing recoil spring from the firearm carefully.
- Install the TYPE A recoil spring by following these steps:
 - Align the spring with the recoil spring guide.
 - Ensure the spring is seated properly and securely.
 - Reassemble the firearm according to the manufacturer's instructions.

3. Usage:

- Test the firearm in a safe environment to ensure proper function.
- Monitor the performance of the recoil spring during use. If you notice any unusual behavior, stop using the firearm immediately and inspect the spring.
- Regularly check the recoil spring for wear and tear. Replace it if it shows signs of damage.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations for metal waste.
- Do not dispose of the recoil spring in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

Contact Information for Further Support

For any questions or concerns regarding the TYPE A Recoil Spring, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to safety. Enjoy your experience with the TYPE A Recoil Spring for Target (Softball) Loads!
