

GOVERNMENT MODEL VARIABLE POWER RECOIL SPRING - 18 1/2 LB. WOLFF VARIABLE POWER SPRING FOR GOVT. MODEL

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. Recoil Calibration Pak contains 1 each of seven different springs; 16½ lb., 15 lb., 14 lb., 13 lb., 11 lb., 10 lb. and 9 lb., plus three extra power firing pin springs. Individual Spring Pak contains one variable power recoil spring and one extra power - firing pin spring. Factory weight is 16 lb.

Safety Instruction Guide for the Government Model Variable Power Recoil Spring

Introduction

Thank you for choosing the Government Model Variable Power Recoil Spring by Wolff. This product is designed to enhance your shooting experience by providing variable rate springs that function safely and effectively with a wide range of loads. Please read this safety instruction guide carefully to ensure safe and proper use of the recoil spring.

General Safety Guidelines

- **Product Safety:** This recoil spring is designed for safe use with your firearm, following all applicable safety regulations.
- **Enhanced Recalls:** Be aware that in the event of a safety issue, recall notices will be issued, and remedies will be provided free of charge.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all firearm components out of reach of minors.
- **EU Contact Point:** For any inquiries regarding safety, you should contact the designated EU safety authority.
- **Rapid Alerts:** Stay informed about any safety alerts related to this product through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Proper Handling:** Always handle the recoil spring with care. Ensure that your firearm is unloaded before installation or maintenance.
- **Compatibility:** Verify that the recoil spring is compatible with your specific model of the Government 1911 firearm.
- **Inspection:** Regularly inspect the recoil spring for any signs of wear or damage. If damaged, discontinue use immediately.
- **Storage:** Store the recoil spring in a dry, secure location away from children and unauthorized users.
- **Usage:** Only use the recoil spring for its intended purpose. Do not modify the spring or use it in any way that is not recommended by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather necessary tools for installation, if required.

2. Installation:

- Remove the old recoil spring from the firearm by following the manufacturer's instructions.
- Take the new variable power recoil spring from the package.
- Install the new recoil spring by reversing the removal process, ensuring it is seated properly in the spring guide.

3. Testing:

- Once installed, conduct a function check to ensure the firearm cycles smoothly.

- Test the firearm in a safe and controlled environment to confirm proper operation.

4. Maintenance:

- Regularly clean and lubricate the recoil spring and surrounding components as per the firearm maintenance guidelines.
- Replace the recoil spring as needed, especially if you notice any performance issues or wear.

Disposal Instructions

- **Disposal of Old Springs:** Dispose of old or damaged recoil springs in accordance with local waste disposal regulations. Do not dispose of in regular household waste.
- **Recycling:** If possible, recycle metal components according to local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Government Model Variable Power Recoil Spring, please reach out to the designated EU safety authority or consult the retailer from whom you purchased the product.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Government Model Variable Power Recoil Spring. Always prioritize safety when handling firearms and their components. Thank you for your attention to these important safety measures.
